

A Simple Captain's Log

Fer Yer Eyes Only, Matey

To set sail, just tap or click this here placeholder text and begin scribblin' yer tale. Ye can view and edit this here document on yer Mac, iPad, iPhone, or on iCloud.com, wherever the winds may take ye.

'Tis easy as plunderin' a merchant vessel to edit all the things throughout yer document. Fer example, this here paragraph uses Body style. Ye can change it in the Text tab of the Format controls, savvy?

To add treasure maps, image galleries, shanty recordings, videos, charts, or any of more than 700 customizable shapes, tap or click one of the insert buttons in the toolbar or drag and drop the plunder onto the page. Ye can layer objects, resize 'em, and place 'em anywhere on the page like buryin' treasure on a deserted isle. To change how an object moves with text, select the object and then tap or click the Arrange tab in the Format controls, ye scallywag.

Ahoy, a Heading!

Ye can use Pages fer both word processin' and page layout, arr. This here Captain's Log template be set up fer word processin', so yer text flows from one page to the next as ye type, with new pages conjured up automatically when ye reach the end of a page, like discoverin' new lands on the horizon.

In page layout documents, ye can manually rearrange pages and freely position text boxes, images, and other plunder on the page like arrangin' loot in the cargo hold. To create a page layout document, choose a page layout template in the template chooser. Ye can also change this document to page layout on yer Mac, iPad, or iPhone by turnin' off Document Body in the Document controls, and that be no lie.

“Arrr, this be an example of a pull quote (a key phrase from yer captain’s log). Tap or click this text to add yer own words of wisdom from the seven seas.”

	Flats	Curves	Angles
