Experienced professional with over 20 years in Executive Administrative Assistance and Event Planning, complemented by 15+ years as a successful owner of a virtual assistance company. Proficient in communication, leadership, and time management with exceptional organizational and multitasking skills. Adept in software like Microsoft Office, SalesForce, SharePoint, and skilled in email management, internet research, and travel planning. Possess a Bachelor's degree in Communications with a minor in Business and Marketing. Proven track record of delivering exceptional results, thriving in high-pressure environments while excelling in diverse roles, including consultancy specializing in Quality Management, Event Planning, and Marketing. Currently contributing expertise as a Quality Assurance Coordinator and Marketing/Event Planning Assistant at AMSG, actively involved in ISO 9001 certification efforts.

PROFESSIONAL EXPERIENCE

Executive Administrative Assistant

- Organized and managed corporate filings, tax calendars, rental payments, and financial statements for multiple companies.
- Supervised, trained, and managed a team of over fifteen employees and assistants.
- Created and maintained comprehensive filing systems (paper and electronic) and managed various websites, blogs, and calendars.
- Oversaw implementation of POS and ticketing systems, transcription tasks, and client databases.
- Managed expense reports, organized receipts, and managed administrative tasks including bookkeeping, invoicing, and correspondence.
- Coordinated schedules, arranged conferences, managed travel, and oversaw property management duties.
- Drafted proposals, managed budgets, and performed professional organizing tasks for 7 years.
- Provide guidance and support in the establishment of a 501(c)(3) nonprofit organization.

Marketing Support Specialist encompassing Public Relations, Social Media Management, and Presentation Coordination

- Supported media interviews for music artists, aided in newsletter creation, designed promotional materials, managed event calendars and media lists, and assisted in news release coordination.
- Crafted press releases, managed social media, and executed strategic marketing plans.
- Enhanced online performance through analyzing email campaign metrics, supporting SEO efforts, evaluating websites, updating content, and refining social media strategies.
- Supported Marketing Manager with social media, research, ads, newsletters, presentations, and weekly reports.
- Developed extensive databases, conducted data analysis, and created press databases.
- Oversaw merchandise operations, designing materials, managing budgets, and handling inventory.
- Uploaded and organized photos, created surveys, designed postcards, and updated blogs regularly.

Event Management, Program Development, and Nonprofit Consulting

- Managed artists' contracts, payments, hospitality details, and bookings from renowned agencies.

- Coordinated national fundraising events for forty wounded soldiers, including extensive travel arrangements.
- Supported various aspects of event planning, including database maintenance, sponsorship solicitation, and logistics.
- Assisted in photography, corporate party planning, and execution of leadership retreats and HQ events.
- Conducted comprehensive research for venues, food menus, activities, and promotional materials.
- Developed and maintained programs for a Veterans Resource Group and supported Employee Engagement Team initiatives.

Quality Oversight Manager, Training and Compliance Lead, Document Control Supervisor, ISO 9001 Compliance Auditor

- Lead ISO certification and internal audits, ensuring compliance and continuous improvement.
- Develop audit plans, oversee process reviews, and mitigate risks for the Quality Management System (QMS).
- Resolve non-compliances, maintain documentation aligned with ISO 9001, and report to management.
- Create and deliver QMS training, manage communication, and conduct Management Review Board Meetings.
- Oversee QMS documentation, collaborate to optimize processes, and track quality-related KPIs.
- Managing, structuring, and revitalizing SharePoint.
