

UWICAPD – University of the West Indies Cave Hill Association for Persons with Disabilities

Motto: - Empower, Educate, Initiate, Innovate

- Redefining Disability while Unleashing the extraordinary

Mission Statement: - UWICAPD seeks to provide a voice for all students at UWI-Cave Hill with any disability (permanent or temporary) whilst educating, empowering and bridging the gap between campus administration and students with disabilities.

Founded in September 2016 - We are opened to students with and without disabilities

OBJECTIVES

-
- “ To establish a closer working relationship between the University of the West Indies Cave Hill and students/staff with disabilities.
 - “ To promote closer cooperation between administration of the University and students with disabilities.
 - “ To collect and disseminate such information and techniques as may give guidance and direction to members with a view to increasing their capacity to function effectively and efficiently while on campus.
 - “ To keep members and other students informed of modern methods and developments in the field of education as it relates to disabilities and disabilities rights.
 - “ To encourage between educators and the general public such united efforts as will secure every student/staff with a disability the highest advantages academically, physically, socially and spiritually.

- “ To encourage closer working relationships among members by means of conferences, group projects, coordination of activities and by participating in matters of mutual interest and concern.
- “ To promote the welfare of students/staff with disabilities in the University of West Indies Cave Hill.
- “ To educate and promote empowerment among members.
- “ To make representations at the administrative level of the University of West Indies Cave Hill for the enactment of policies and/or amendment to existing policies for the care and protection and rights of students/staff with disabilities.
- “ To promote and establish a relationship with the University administration with the objective of forming an alliance on relevant educational matters as it relates to students/staff with disabilities.
