Applicant: Mr Sami Stagnell

Proposal: Erection of a rear roof dormer extension and installation of three conservation-style roof windows to the front roof slope.

The proposed development involves the construction of a roof dormer to the rear elevation, designed to increase internal head height and usable floor space within the loft. Additionally, three conservation-style roof windows are to be installed on the front roof slope, providing natural light and ventilation to the converted loft space while maintaining the character of the property and surrounding area.
