

HOW TO REGISTER YOUR CHORUS/ENSEMBLE FOR UNISON FESTIVAL 2026 VANCOUVER

In order to register a chorus or small ensemble for Festival 2026 Vancouver, you must be designated as a *Chorus Administrator* for your chorus/ensemble in our [Integra Planner](#) software, and the chorus' membership dues must be current.

For the purposes of Festival, a CHORUS is defined as a member of UNISON Choruses in good standing, with at least 12 singers. An ENSEMBLE is defined as a sub-group of a member chorus. We have two Chorus registrations rates available; 30 minute time slot for full choruses at \$400 and for smaller ensembles a 15 minute time slot for \$250.

The *Integra Planner* system is our integrated database, financial management, event planning & registration, and membership software. So, it's important to update your chorus' Integra record when any chorus information changes.

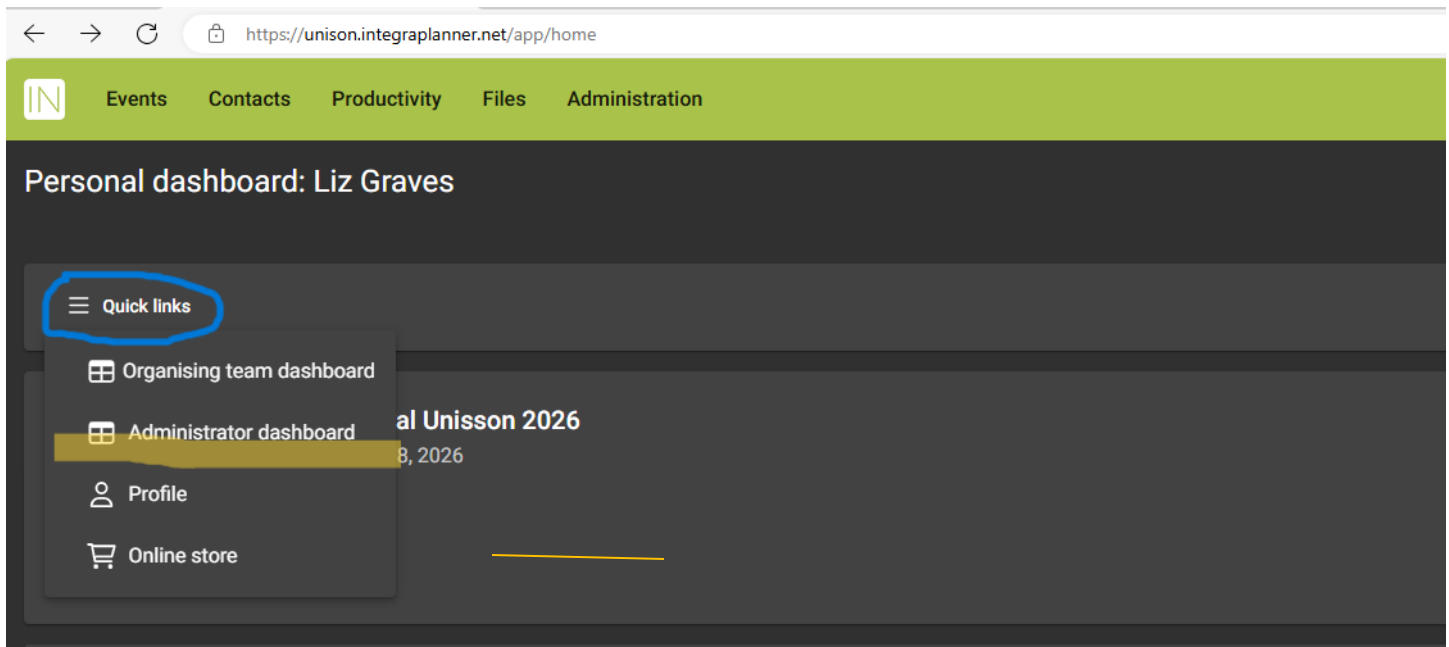

1. [Log in](#) to Integra at using your personal email address as your username (that is, as an example lizgrave@telus.net and not treasurer@onevoicechorus.ca), scroll down to the "Membership" section and verify that your chorus(es) and ensemble(s) are listed, and that you are shown as an Administrator.

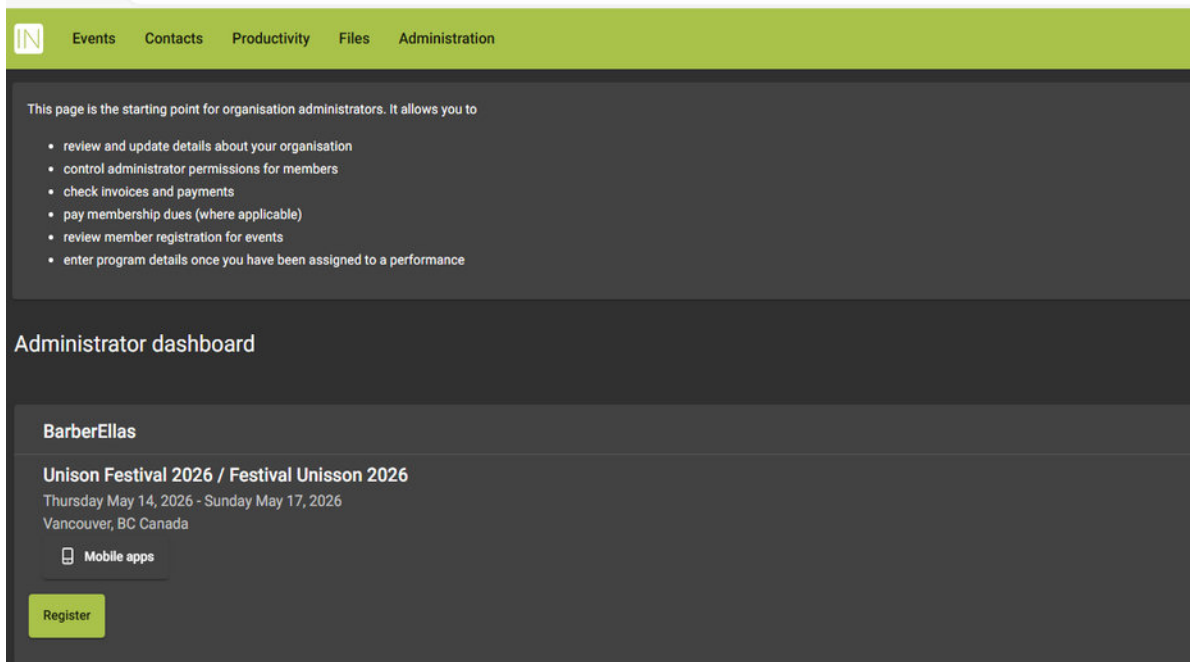

The screenshot displays the Integra Planner software interface. At the top is a green navigation bar with the 'IN' logo and links to Events, Contacts, Productivity, Files, and Administration. Below this is a dark grey header for the 'Personal dashboard: Liz Graves'. The main content area is divided into several sections: a 'Quick links' section with a hamburger menu icon; a 'Unison Festival 2026 / Festival Unisson 2026' section showing dates (Monday May 11, 2026 - Thursday May 14, 2026) and location (Vancouver, BC Canada), with a 'Mobile apps' link; a 'Questionnaires' section with three checkboxes for 'Festival Banquet - Special dietary requirements | Exigences alimentaires particulières', 'PDF: Volunteer Roles and Descriptions', and 'Volunteer Registration Form'; and a 'Membership' section with a list of choruses and ensembles: BarberEllas (Administrator), Calgary Men's Chorus, One Voice Chorus (Administrator), Test Choir (Administrator), and Unison Choruses Canada / Chœurs Unisson Canada.

- If you are *not* shown as being an Administrator for your chorus, contact Liz Graves at <mailto:financialadmin@unisonchoruses.ca> to get it ironed out.

2. When you log into Integra, your home page is your Personal Dashboard. To perform chorus administrative tasks, you need to move to your Administrator Dashboard. You can either click on the link in the top green menu bar or open the 'Quicklinks' menu to navigate to your **Administrator Dashboard**.

3. On the Administrator Dashboard, scroll down to the section for your chorus OR ensemble and click the green "Register" button under the Festival 2026 Vancouver heading.

4. You'll now be prompted to **review** your chorus information in the database. Click on the "Organization Details" button and go through the data fields, updating any data as needed. Be sure to **SAVE** any changes as you go through the data.
