

North Idaho College

Position Description

Position Title:	Assistant Professor Environmental Science	Location:	Meyer Health and Sciences
Department:	Environmental Science	Reports To:	Division Chair
Division:	Natural Sciences	FLSA Status:	Exempt

SUMMARY

This position provides instruction in Environmental Sciences with an emphasis on indigenous ways of knowing. This faculty member is committed to integrating western science with tribal knowledge into the environmental science curriculum. This position serves as a liaison with local Tribal Nations, community natural resources, and environmental organizations and agencies, and other educational institutions and entities.

Essential Duties and Responsibilities

This list includes but is not limited to the following:

- Teaches a minimum of 15 equivalent credit hours per semester as assigned, which will include defined reassignment to promote and facilitate long-standing relationships with local tribes, other institutions of higher education, and regional and state agencies.
- Maintains additional weekly contractual hours, including a minimum of five office hours, five campus hours and five discretionary hours divided between office and campus hours for a total of 30 hours on campus per week.
- Utilizes traditional and non-traditional delivery methods including online other alternative delivery methods.
- Selects appropriate learning resources for students, being mindful of cost for the student, prepares class presentations and handouts for electronic distribution, and prepares a syllabus for each course, each semester.
- Evaluates student learning outcomes according to description in the syllabus and delivers grades to the registrar on time.
- Receives training in and keeps skills current in using the electronic and physical equipment and software necessary to accomplishing teaching and advising responsibilities.
- Advises students using the recommended procedures.
- Identifies student-learning outcomes; develops process and tools for assessment; incorporates results in order to modify instruction and materials in general education, degree program, course cluster, and/or certificate program, in coordination with colleagues.
- Serves as a liaison with local Tribal Nations, community natural resources, and environmental organizations and agencies.
- Develops integrated environmental science curriculum in alignment with tribal goals and priorities as well as transfer institutions.
- Participates in student recruitment for the environmental science program.
- Attends and participates in faculty meetings and serves on college committees.
- Participates in professional development activities.
- Cultivates effective public relations with various community agencies/service providers and/or educational partners.
- Collaborates with adjunct faculty.
- Demonstrates a commitment to the philosophy and mission of a comprehensive community college.
- May teach evenings, weekends, and/or summer school courses as assigned by the Division Chair.

Marginal Duties

- Performs other duties as assigned

REQUIRED MINIMUM QUALIFICATIONS

The following requirements are representative of the minimum knowledge, skill, and/or ability required for an individual to satisfactorily perform each essential duty and be successful in the position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Education/Experience:

Master's degree in environmental science, natural resources, or a closely related field. Demonstrated sensitivity to the needs of students, faculty, and staff from multi-cultural backgrounds. Experience with Indigenous ways of knowing required. Prior teaching experience in higher education preferred.

Knowledge, Skills and Abilities

- Excellent oral and written English communication skills.
- Ability to use a personal computer and associated peripherals and current version of Microsoft Windows and Microsoft Office, Internet, and alternative delivery systems (e.g., internet and interactive video) at a proficient level.
- Ability to learn and use college systems used for teaching and advising, such as a Learning Management System and campus student information system
- Ability to operate standard office equipment including phone, fax, copier

Physical Demands

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is frequently required to stand; walk and use fingers and hands to keyboard or type and handle materials. The employee is occasionally required to sit and reach with hands and arms. The employee must occasionally lift and/or move up to 25 pounds.
