

This newsletter - sent on Mondays, Wednesdays and Fridays - contains important information and resources to support community pharmacies across England.

In this update: Adult Flu vacs service fee imposed; End of month submission guide; Dispensing and Supply updates.

The fee for providing the Adult Flu Vaccination service will remain at £9.58 for 2025/26.

Despite Community Pharmacy England's evidence-based for an increase in the fee, Ministers refused to do so. We understand this decision has been driven by the available budget that NHS England holds for vaccination services.

Pharmacies play a vital role in protecting patients and easing NHS pressures each winter. Costs have risen significantly since the previous fee increase and this should be reflected in service funding.

Funding & Reimbursement Shorts: End of month submission process

Watch now

As we approach the end of the month, pharmacy owners are encouraged to take a look at our Dispensing and Supply Team's latest video guide.

Part of the Funding & Reimbursement Shorts series, this video explores the end-of-month submission process. It outlines the checks to carry out when preparing to make your pharmacy's submission, which activities to declare, submission timelines, and the financial impact of any delays.

News Release

FOR IMMEDIATE RELEASE

October 15, 2024

ASABE REPLACES GRAIN AUGER STANDARD WITH ISO STANDARD ADOPTION

ST JOSEPH, MICHIGAN—The American Society of Agricultural and Biological Engineers (ASABE) has replaced ASAE S361.3 APR1990 (R2020), Safety for Portable Agricultural Auger Conveying Equipment, with an adoption with deviations of ISO 4254-16:2018, Agricultural machinery—Safety—Part 16: Portable agricultural grain augers. ASAE S361.3 was used as a basis for ISO 4254-16.

—The deviation within the adoption replaced normative reference ISO 16154, Tractors and machinery for agriculture and forestry—Installation of lighting, light signalling and marking devices

American Society of Agricultural and Biological Engineers

for travel on public roadways, with US DOT Regulation 49CFR Part 562 reference, ANSI/ASAE S279, Lighting and Marking of Agricultural Equipment on Highways.

This adoption further harmonizes national and international standardization, a goal that facilitates manufacturing, safety advancements, and product marketing worldwide.

ASABE members with standards access and those with site license privileges can access the full text via electronic download on the ASABE online Technical Library at elibrary.asabe.org/. Others can obtain a download for a fee directly from the library or by contacting ASABE headquarters at OrderStandard@asabe.org.

ASABE is recognized worldwide as a standards developing organization for food, agricultural, and biological systems, with more than 280 standards currently in publication. Conformance to ASABE standards is voluntary, except where required by state, provincial, or other governmental requirements, and the documents are developed by consensus in accordance with procedures approved by the American National Standards Institute. For information on this or any other ASABE standard, contact Scott Cedarquist at 269-932-7031, cedarq@asabe.org. A current listing of all ASABE standards projects can be found on the ASABE web site at www.asabe.org/projects.

ASABE is an international scientific and educational organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems. Further information on the Society can be obtained by contacting ASABE at (269) 429-0300, emailing hq@asabe.org or visiting www.asabe.org/.
