

~~Consultation submission form~~

~~From the Ground Up – A draft strategy to unlock New Zealand's geothermal potential~~

~~How to submit using this form~~

~~This form is used to provide feedback on the document *From the Ground Up – A draft strategy to unlock New Zealand's geothermal potential*.~~

~~When completing this submission form, please provide reasons explaining your answers. Your feedback provides valuable information and will inform decisions about the final geothermal strategy.~~

~~You can submit this form by 5pm, 12 September 2025 by:~~

- ~~• Emailing to resourcesfeedback@mbie.govt.nz with the subject line '**Submission on a draft geothermal strategy**' or~~
- ~~• Posting to:–
Submission on a draft geothermal strategy
Resource Policy–
Ministry of Business, Innovation and Employment–
PO Box 1473–
Wellington 6140–~~

~~Your feedback will contribute to further development of a geothermal strategy for New Zealand. It will also become official information, which means it may be requested under the Official Information Act 1982 (OIA).~~

~~The OIA specifies that information is to be made available upon request unless there are sufficient grounds for withholding it. If we receive a request, we cannot guarantee that feedback you provide us will not be made public. Any decision to withhold information requested under the OIA is reviewable by the Ombudsman.~~

Submitter information

The Ministry of Business, Innovation and Employment (MBIE) would appreciate if you would provide some information about yourself. If you choose to provide information in the section below, it will be used to help MBIE understand how different groups view the draft geothermal strategy. Any information you provide will be stored securely.

A. About you

<u>Issue date</u> <u>Name:</u>	<u>August 2024</u>	<u>Review date:</u>	<u>August 2025</u>
-----------------------------------	--------------------	---------------------	--------------------

This standing order is to apply until it is either replaced by a new standing order covering the same subject matter or cancelled in writing by the issuer.

<u>Standing Order Name</u> <u>Email address:</u>	<u>Tdap (Boosterix)</u>
<u>Rationale</u>	<u>Prevention of tetanus following injury</u>
<u>Scope (condition and patient group)</u>	<u>Children $\geq$ 7 years and adults with tetanus prone wounds, who have previously had at least 3 doses of a vaccine for primary immunisation for diphtheria and tetanus</u>
<u>Red Flags</u>	<u>N/A</u>
<u>Assessment</u>	<u>Review wound for the following that indicate an increased risk of tetanus infection:</u> <u>Contaminated</u> <u>Infected</u> <u>Penetrating</u> <u>More than 6 hours old</u> <u>Tissue damage</u>
<u>Indication</u>	<u>Patients presenting with a tetanus prone wound and have not had a tetanus booster in the last 5 years.</u>
<u>Medicine</u>	<u>Tdap vaccine (trade names Boostrix or Adacel)</u>
<u>Assessment</u>	<u>Check whether a primary course of a pertussis containing vaccine been administered</u> <u>Check when the last dose was administered</u> <u>Check whether the person has any contraindications to the vaccine</u>
<u>Dosage instructions</u>	<u>One 0.5mL pre-filled syringe</u>
<u>Route of administration</u>	<u>IM Deltoid</u>
<u>Quantity to be given</u>	<u>One dose</u>
<u>Precautions</u>	<u>See Immunisation Handbook for pre-vaccination checklists and precautions</u> <u>https://www.tewhatauora.govt.nz/for-health-professionals/clinical-guidance/immunisation-handbook/21-tetanus/</u>
<u>Additional information</u>	<u>Small risk of anaphylaxis, therefore patient should wait for 20 minutes post injection.</u> <u>Verbal and written post vaccination (HE2505) information should be given</u> <u>The Authorised Vaccinator is responsible for all documentation related to the vaccination event.</u>
<u>Follow-up</u>	<u>Any adverse events related to this vaccine must be reported to CARM</u>
<u>Countersigning and auditing</u>	<u>Countersigning is not required.</u> <u>Audit:</u> <u>50% monthly of administration and/ or supply records if there are 20 or fewer in total.</u>

	<u>20-30% of administration and/ or supply records if they are in the range of 21-100.</u>
<u>Competency/training requirements</u>	<u>All healthcare professionals working under this standing order must be signed off as competent to do so by the issuer and have had specific training in this standing order. Healthcare professionals must have completed approved vaccinator training and ongoing two-year updates.</u>
<u>Supporting documentation</u>	<u>HealthPathways at www.healthpathways.org.nz Best Practice Journal at www.bpac.org.nz New Zealand Formulary at www.nzf.org.nz Individual medicine data sheets at www.medsafe.govt.nz Standing Order Guidelines, Ministry of Health, https://www.health.govt.nz/publication/standing-order-guidelines Immunisation Handbook www.immune.org.nz and https://www.immune.org.nz/factsheets/guidelines-for-the-management-of-tetanus-prone-wounds Medsafe https://www.medsafe.govt.nz/profs/PUArticles/ADRreport.htm</u>
<u>Definition of terms used in standing order</u>	<u>Tetanus prone wounds- All wounds that may be contaminated, infected, penetrating, more than 6 hours old and/or with extensive tissue damage.</u> <u>Non tetanus prone wounds- Clean, minor wounds that are less than 6 hours old, non-penetrating and with negligible tissue damage.</u>

~~B. Are you happy for MBIE to contact you if we have questions about your submission?~~

☐ Yes ☐ No

~~C. Are you making this submission on behalf of a business or organisation?~~

☐ Yes ☐ No

~~If yes, please tell us the title of your company/organisation:~~

Medical Centre or Clinic:

~~D.~~ Privacy information

- ☐ ~~The Privacy Act 2020 applies to submissions. Please check the box if you do not wish your name or other personal information to be included in any information about submissions that MBIE may publish.~~
- ☐ ~~MBIE may upload submissions, or a summary of submissions, received to MBIE's website at www.mbie.govt.nz. If you do not want your submission or a summary of your submission to be placed on our website, please check the box and type an explanation below:~~

Signed by issuers I do not want my submission placed on MBIE's website because... [insert reasoning here]

Name: _____ Signature: _____

Title: _____ Date: _____

Name: _____ Signature: _____

Title: _____ Date: _____

~~E.~~ Confidential information

- ☐ ~~I would like my submission (or identifiable parts of my submission) to be kept confidential and have stated my reasons and ground under section 9 of the Official Information Act that I believe apply, for consideration by MBIE.~~

~~If you have checked this box, please tell us what parts of your submission are to be kept confidential.~~

Healthcare professionals operating under Tetanus Vaccine Booster Standing Order

Only registered healthcare professionals working within the above medical centre or clinic are authorised to administer medication under this standing order.

We the undersigned agree that we have read, understood and will comply with this standing order and all associated documents.

From the Ground Up – A draft strategy to unlock New Zealand’s geothermal potential

The Government is developing a geothermal strategy for New Zealand to provide a focused pathway to geothermal leadership and growth and unlock the potential of our geothermal resources across a broad range of applications.

New Zealand’s geographical location has given us a unique geothermal advantage, and New Zealand has been a global leader in geothermal development since the late 1950s. Geothermal contributes nearly one-fifth of our annual electricity generation, is a strong tourism attraction, and geothermal heat and steam are utilised both directly and indirectly in industrial, commercial and residential applications.

However, despite our world-class resource, geothermal development faces some barriers, including high upfront drilling costs, fragmented access to data, complex and dated regulatory settings and the scale of the sector. New technologies, such as supercritical geothermal, are also on the horizon. In order to drive the energy resilience, regional development, economic growth and climate leadership, deliberate and coordinated action is required.

The draft strategy sets out a vision for New Zealand to be a global leader in sustainable geothermal development. Three interconnected strategic outcomes, centred around being a world leader in geothermal innovation, accelerating energy resilience, and strengthening regional economies and te Ōhanga Māori, have been identified to guide action and focus. Five action plan goals have been identified to guide the Government’s approach, underpinned by a draft action plan. The draft strategy also includes an energy focused goal to double the use of geothermal energy by 2040.

We are seeking feedback on the draft strategy, particularly whether the proposed direction, ambition and outcomes, and accompanying action plan, capture the necessary government intervention and priorities. We are also interested in views about how the wider geothermal sector can contribute to unlocking our geothermal potential.

Please see the draft geothermal strategy for more information, available on our website:

<https://www.mbie.govt.nz/have-your-say/consultation-on-a-draft-geothermal-strategy-for-new-zealand>

Questions for the consultation

1. Are the three strategic outcomes of the strategy, centred around **world leading geothermal innovation, accelerating energy resilience** and **strengthening regional economies and te Ōhanga Māori**, suitable, or is there more we need to consider?

~~2. Do the five overarching **action plan goals** capture the areas that are most important for achieving the vision, strategic outcomes and energy goal?~~

~~3. Does the proposed action plan correctly capture the necessary **government interventions and priorities**?~~

~~4. Is the **role for the sector** clear? How~~

~~can the wider geothermal sector play a role (e.g. are there specific actions that the sector could own)?~~

~~5. Does the strategy and proposed action plan create the right settings to **enable tāngata whenua to realise their aspirations** for geothermal resources in their rohe?~~

~~6. Are there~~

~~**opportunities** for our geothermal sector that we haven't considered?~~

~~7.~~ Are there **challenges** for our

geothermal sector that we haven't considered?

~~8.~~ Are there ~~any~~ **other** ~~things~~ that

the strategy should include or exclude?

—

Thank you

Thanks for your feedback, we really appreciate your insight. It helps us establish a long-term strategic approach to unlock the potential of our geothermal resources in a sustainable manner.

To help us continue to develop a geothermal strategy for New Zealand, we would appreciate any additional suggestions or comments you may have.

Please leave your feedback here:
