

TRANSPORTATION POOLED FUND PROGRAM QUARTERLY PROGRESS REPORT

Lead Agency (FHWA or State DOT): FHWA

INSTRUCTIONS:

Project Managers and/or research project investigators should complete a quarterly progress report for each calendar quarter during which the projects are active. Please provide a project schedule status of the research activities tied to each task that is defined in the proposal; a percentage completion of each task; a concise discussion (2 or 3 sentences) of the current status, including accomplishments and problems encountered, if any. List all tasks, even if no work was done during this period.

<u>Transportation Pooled Fund Program Project #</u> <u>TPF-5(316)</u>	<u>Transportation Pooled Fund Program - Report Period:</u> ☐ Quarter 1 (January 1 – March 31) ☒ Quarter 2 (April 1 – June 30) ☐ Quarter 3 (July 1 – September 30) ☐ Quarter 4 (October 1 – December 31)

Project schedule status:

☒ On schedule ☐ On revised schedule ☐ Ahead of schedule ☐ Behind schedule

Overall Project Statistics:

<u>Total Project Budget</u>	<u>Total Cost to Date for Project</u>	<u>Percentage of Work Completed to Date</u>
<u>\$3,220,074 (TOTAL)</u> <u>\$1,019,602 (FHWA)</u> <u>\$1,241,074 (FMIS + Lockbox up to FY 2008)</u> <u>\$1,979,000 (Delphi)</u>		<u>Ongoing Project (N/A)</u>

Quarterly Project Statistics:

<u>Total Project Expenses and Percentage This Quarter</u>	<u>Total Amount of Funds Expended This Quarter</u>	<u>Total Percentage of Time Used to Date</u>
<u>No new projects allocated</u>		<u>Ongoing Project (N/A)</u>

Project Description:

The purpose of the TCD PFS is to assemble a consortium composed of regional, State, local entities, appropriate organizations and the FHWA to 1) establish a systematic procedure to select, test, and evaluate approaches to novel TCD concepts as well as incorporation of results into the MUTCD; 2) select novel TCD approaches to test and evaluate; 3) determine methods of evaluation for novel TCD approaches; 4) initiate and monitor projects intended to address evaluation of the novel TCDs; 5) disseminate results; and 6) assist MUTCD incorporation and implementation of results.

Progress this Quarter (includes meetings, work plan status, contract status, significant progress, etc.):**Traffic Control Devices Pooled Fund Study Technical Support**

- Held 2016 annual meeting in Cincinnati, OH
- Refined and discussed problem statements for new projects

Evaluation of Selected Symbol Signs, Phase IV

- Conducted kickoff meeting with TCD PFS members
- Developed some example sign alternatives for discussion
- Presented sign alternatives at NCUTCD

Lane Line Markings in Advance of Lane-Reduction Transitions

- Project Completed

Intersection Conflict Warning Systems Human Factors Research

- Project Completed

Anticipated work next quarter:**Traffic Control Devices Pooled Fund Study Technical Support**

- Develop new problem statements based on new activities
- Finalize projects to begin this year

Evaluation of Selected Symbol Signs, Phase IV

- Finalize sign alternatives
- Develop stimulus materials for testing

Significant Results:

Past projects have led to significant results and changes that were incorporated into the 2009 MUTCD, particularly from the Symbol Sign, Arrow Per Lane Guide Signs, and Roundabout Signing studies. Recent studies are being considered by the MUTCD for incorporation into the next MUTCD.

Circumstance affecting project or budget. (Please describe any challenges encountered or anticipated that might affect the completion of the project within the time, scope and fiscal constraints set forth in the agreement, along with recommended solutions to those problems).

No challenges or problems encountered.

Potential Implementation:

All results from the Traffic Control Devices Pooled Fund Study are presented to the National Committee on Uniform Traffic Control Devices (NCUTCD) and are considered by FHWA for inclusion in subsequent MUTCD versions.

Parent Council Annual Report 2020/21

On behalf of the Parent Council, I would like to thank Mrs Hyslop and all the staff at Davenham Primary School for their tremendous efforts during this academic year. As Chair of the Council, I would also like to thank all the Parent Council representatives who have given their time and support over the last 12 months. The success of the Council is dependent on the combined efforts of both staff and parent volunteers. These unusual times have further highlighted the effectiveness and value of this communication platform at Davenham school. The Council met half termly via Zoom, and the meetings were always well attended by the existing members. A body of representatives continues to exist, and parents/carers are encouraged to contact any representative, irrespective of their class or teacher. This has worked well over this past year and will continue; however, I am also pleased to report new volunteer interest for the coming academic year, which will hopefully bring a range of views and new ideas.

It has been another unprecedented year for all schools, whilst the nation has had to learn and adapt to life during a pandemic, and face the challenges and difficulties brought with it. Davenham Primary School, along with every other school across the country, was directed to close by the Government for a second time on 5th January 2021 in order to prevent the spread of COVID-19. It did not reopen again to all pupils until 8th March 2021. The school also had to work around immediate bubble/class closures, and this was executed extremely effectively and with minimum disruption to the children and their learning. Just because the school was physically closed, I am happy to say that the exceptional levels of education and school-home engagement were maintained at Davenham.

Google classroom was used during any closures and included pre-recorded lessons, which received great feedback and were all designed to high quality. Daily zoom class meetings were held each day in order to ensure children still saw their teacher and classmates, this was also very well received. Parents evenings went ahead with the help of a new system, which worked well and ensured that even with restrictions in and around school, parents were able to continue to have a parents evening with their child/s teacher.

For the very first time the early years and KS1 Christmas shows were recorded and sent out to parents with a code to watch at home, which again brought great praise from parents/carers, as many, especially parents of reception children were concerned that they would miss out on these primary school firsts.

Twitter continues to be utilised to a greater extent to ensure and maintain the connection with local community in Davenham, and I am happy to say that some really lovely updates are posted on there. Feedback from parents during the school/bubble closures was that communication from school had been 'excellent' and how amazed parents were at teachers going above and beyond to ensure activities and events still went ahead, including sports days, the summer fayre, year 6 leavers activities, class photos and the year 6 play. The Council was able to support school during this period by providing feedback at the zoom meetings, particularly regarding things that were working well given the restrictions still in place in school.

The Parent Council are happy to be back in school for our meetings going forwards, and it is hoped that children will now be able to have some long term consistency in and around school, and together we can enjoy all the things that make Davenham such a special place, such as, worship, singing and family services – all of which will help to provide the best possible learning environment and opportunities for our children.
