TIME PT/ET	AGENDA ITEM	PRESENTER
11:30am PT 2:30pm ET	Executive Leadership Dialogues: Breakout Sessions Round 1 <i>Participants can discuss Discussions Questions with leadership in one of three breakouts.</i> 1. Science Supporting Wildfire Risk Reduction <i>Discussion Questions:</i> • <i>What can FS do to ensure science is used effectively to inform fuels and fire risk reduction? What do you see as current gaps and information needs in the science on fuels and fire risk reduction? (for instance, local fire history maps to inform treatments, smoke emissions and prescribed fire, best practices related to streams and fuels work, wildlife mitigations, etc.)?</i> • <i>What are the elements of success for examples of projects that have incorporated Indigenous and/or Traditional Ecological Knowledge? How might we build on those successes nationally/regionally/locally?</i>	Alex Friend, Deputy Chief, Research and Development, USDA Forest Service

TIME PT/ET	AGENDA ITEM	PRESENTER
11:30am PT 2:30pm ET	2. Cross-Boundary Partnerships and Shared prioritization <i>Discussion Questions:</i> • <i>What are the short-term and long-term priorities for increased cross-boundary partnerships? How can this work build on the foundation of these and other regional/national efforts to advance forest resiliency and wildfire risk reduction goals needs on a larger scale?</i> • <i>What can Forest Service do to support Tribal priorities?</i> • <i>If you were in charge, what would be the first action you would take to address forest resiliency and fire risk or identified barriers? How do you prioritize treatments on the landscape?</i> • <i>What planning tools, monitoring tools, or metrics are you currently using or interested in, and why?</i>	Jaelith Hall-Rivera, Deputy Chief, State and Private Forestry, USDA Forest Service John Crockett, Associate Deputy Chief
11:30am PT 2:30pm ET	3. Workforce Capacity, Markets and Industry <i>Discussion Questions:</i> • <i>What needs to be done in the near-term and long-term to mobilize the wildland fire suppression workforce to help address capacity issues around fuels reduction work? Are there challenges, barriers, or other reasons we should not mobilize this workforce?</i> • <i>How can the Forest Service help to address these capacity constraints? Where does the agency need to focus on being helpful in this fuels reduction work? What commitments can Forest Service make to support increased Tribal capacity for these partnerships?</i> • <i>What are the challenges to healthy traditional and innovative forest products markets in your area? How can we overcome these challenges?</i>	Robert Velasco, Chief Financial Officer, USDA Forest Service Jason Kuiken, Wildfire Risk Reduction Implementation Team Deputy
