<u>Janet Neville</u>	<u>Patient Representative</u>
<u>Paul Stephens</u>	<u>Patient Representative</u>

Apologies

<u>Chris l'Anson</u>	<u>Patient Representative</u>
----------------------	-------------------------------

Minutes

September 13, 2023

Members Present: Zach Bissett (President), Larry Gates (Vice-President), Ann Harper (Treasurer), Kelly Bradshaw (CCS Athletic Director) and Jennifer Jones (Secretary)

The minutes from the previous meeting were discussed ~~was called to order at 6:00 p.m.~~

~~Zach Bissett welcomed everyone. He stated the first order of business was the outstanding field sign invoices. The outstanding total is currently \$6,250. Zach and Jennifer both agreed, to reach out to the business that had not paid.~~

Covid Spring Booster Campaign

We have now received confirmation (as of 27.04.2024) of the Covid Spring Booster campaign. The campaign will start in care homes on 15th April 2024 and the aim is for it to be completed by 30th June 2024. Those eligible will be:

- adults aged 75 years and over
- residents in a care home for older adults
- individuals aged 6 months and over who are immunosuppressed

Vaccines will be delivered centrally to the PCN and they will distribute to practices. We have no delivery dates at this time.

Post-Meeting Note

We will be using XBB.1.5 vaccines throughout the spring 2024 campaign, as deployed in the Autumn 2023 campaign.

Shingles Vaccines

We are continuing to progress well with this campaign. We had a rep visit the practice last week who congratulated the team on the number of vaccines that have been administered – more than any other PCN practice.

Staffing

Jayne Robson has now started back with us.

We are still carrying out the pre-employment checks for our new female salaried GP and hoping that she will starting with us around the beginning of April 2024.

We are continuing with our recruitment for reception, phlebotomy and cleaners.

Cohens

It was acknowledged that there are still ongoing problems with Cohens, and patients reporting that nothing seems to have changed following our meeting with their Clinical Pharmacist.

Rianne explained that she had emailed the pharmacist twice to chase up why the Area Manager did not attend the previous meeting as planned, and if arrangements could be made for them to attend a future meeting, but she has had no response to either email.

PATCHS

We are being encouraged to use the Family and Friends Test more within the practice. We have cards on each reception desk and there is now a functionality set up via PATCHS which means that a patient will automatically be sent a link to provide feedback via the Friends and Family Test after each appointment at the practice. Angela explained that she has been reviewing the comments and there is some positive feedback, but we need to look at a way to collate this feedback.

ICB Visit

This is due on Wednesday 20th March 2024.

Year End

This is always a really busy time of year with targets to meet, including final QOF figures and annual reports.

Pharmacy First

This service has been renamed from CPCS (Community Pharmacy Consultation Service). Receptionists can care navigate patients to this service but patients can also self-refer. This service is designed to help alleviate pressure on GP practices.

Post-Meeting Note

There are seven minor illnesses that pharmacist can prescribe for:

- Earache - 1 to 17 years
- Impetigo - 1 year and over
- Infected insect bites - 1 year and over

- Shingles - 18 years and over
- Sinusitis - 12 years and over
- Uncomplicated urinary tract infection
- Sore throat

Car Park at Hemsworth

Angela confirmed that this was an ongoing discussion with the Partners.

Comments and Compliments

<u>January 2024</u>	<u>Kinsley</u>	<u>Patient has asked me to let everyone know what an amazing bedside manner Kirsty has. He says he has multiple problems but she was amazing. He also wanted to thank all the other nurses working at Kinsley today for their kind and friendly approach towards him. Well done ladies.</u>
<u>January 2024</u>	<u>Online</u>	<u>Helpful receptionist upon arrival and was seen straight away.</u>
<u>February 2024</u>	<u>Telephone call</u>	<u>Patient has rung today to pass on many thanks to Dr Sundaram for helping her finally get seen by hospital and get sorted. Well done Dr Sundaram.</u>
<u>February 2024</u>	<u>Hemsworth</u>	<u>A patient has just been into Hemsworth and given reception a tin of Quality Street. She didn't want an appointment and hadn't come in for any other reason. She just said to Jamie, "These are for having the worst job in the world!" It has cheered us up but she is not wrong - we most definitely do have the worst job in the world but we are all fantastic at it!</u>
<u>February 2024</u>	<u>Family and Friends Test</u>	<u>Very poor - doctors don't listen or give the right inhalers asked for.</u>

Date of next ~~Next, Ann Harper stated we've had several parents not show up for concessions at soccer games and we still have many uncovered gate/concession slots. How should we handle this situation? The group acknowledged the 3:15 time slot is difficult for many parents to make work in their schedules. Getting the money boxes out to the field for home games has been a challenge as well. Could we get CCS faculty to help get the money boxes out and fill the early time slot? Ann also mentioned some parents from Trinity Chrisitan got upset that they had to pay for the volleyball game at Peace Church and again for the soccer game at CCS on the same day. We all agree that there should be a charge for both entries, however, we will not get into arguments with parents to collect the fees. Hopefully, this will not be a recurring issue.~~

~~Ann mentioned several parents have approached her about helping more with the Booster Club. We recommend getting a Fundraising Committee together and creating a fundraising calendar to advertise early about upcoming events. We will have a committee sign up sheet at the next Booster Club meeting on October 2, 2023, at 6:15.~~

While on the fundraising topic, Ann asked if we still planned to have the Chili Cookoff Fundraiser at the Homecoming game on October 13th. We agreed to keep it on that date and have it from 6:00—7:00 p.m. We will sell extra bowls of chili afterwards for a set price. The entry fee will be \$25, and the taste tickets will be sold for \$10 each. This fundraiser depends on us having enough entries so we will advertise on Facebook. Zach will create this post along with a post about our Booster Club meeting on October 2.

Thirdly, Ann stated that we need to be prepared for a large crowd at the football game against Sally B. Howard on October 6th. We have 7 parents signed up for work the gate/concessions. Ben Harper doesn't mind cooking if needed. Also, we should do a 50/50 raffle to bring in some extra money. Larry Gates says he believes there are some raffle tickets in the concession stand that we can use.

Other takeaways from the meeting include:

- Larry mentioned how the popcorn should be prepared in the concession stand.
- Kelly is looking at new basketball jerseys for the boys.
- The PA system is currently being installed and Doug Wells donated the cable and speakers.
- "Thank you" notes will be sent to all who have cooked this season at the home games.

The **meeting** was adjourned at 7:30 p.m.

Date: Wednesday 17th April 2024

Time: 10am

Venue: The Grange Medical Centre, Hemsworth
