	Frequency: Agency Defined	SOP#: SOP-ETMS Finance-01
	Issue Date: May 2021	

PPG Meeting
31/07/2025 – Start Time 13:13

Attendees:

MN – Deputy Manager

SA – Practice Manager

MC, GM,

JB, BB, ZF, JS, SN, AW

Apologies:

CC, AK, LU, MAS, DR

- Review of last minutes of meeting – everyone agreed no changes were needed.
- Meeting started at 13:13
- Asked PPG members if they would like anything to be added on Agenda to discuss in todays meeting.
- Discussed 2025 national survey report for the Practice. Gave each patient a coloured copy of the report to review. Once they had reviewed results, they were then given a coloured copy of last years report to compare the scores.
- The report was explained by Practice Manager. This is a national survey sent out yearly to randomly selected patients each year and returned to the provider. The results are of those who have returned the survey. Once they compile the results along with all the other practices, they then publish the national data online and notify the Practices of their results.
- PM went through each question and compared the data with the PPG members. On each question asked the Practice improved the percentage compared to last year.
- PPG members were asked what the Practice could do to get more patients to engage with completing such surveys.
- When checking data online you can also check neighbouring practices, and we compared ours to our PCN practice and we could see a higher percentage of returned surveys for other practices.
- SN suggested we send out text messages when we know surveys will be sent out and if patients struggle to complete, we could ask them to bring into the Surgery to help.
- MN explained that as we are not the ones sending out the surveys, we wouldn't know which patients the survey gets sent too and this would mean we would have to send a text msg to all 6000 patients registered at the Practice.

	Standard Operating Procedure	
	Position: Finance Clerk	Title: Accounts Payable (A/P) Invoices and Payments
	Frequency: Agency Defined	SOP#: SOP-ETMS Finance-01
Issue Date: May 2021		

- MN also highlighted that we do not want any influence on the answers provided and we would like honest feedback from the patients. The patients if they do come in for help may feel obliged to give better scoring than how they actually feel.
- Overall, we are satisfied the outcome of the survey results – we will try and educate the patients who attend the surgery and encourage them to complete such forms/surveys in the future.
- Also decided to display notices before they get sent out.
- Updated the members about not being able to prescribe Mounjaro and this needs to be done through weight management.
- BB asked when they will be able to book in for flu jab. MN explained Flu Season starts from October. MN also explained that the local pharmacies received the vaccines around 2-3 weeks before GP practices if they wish to have it sooner they can find out from their local chemist.
- The Practice has not yet received a confirmation date of delivery for flu jabs.

~~I. Purpose~~

~~This procedure provides an overview of how transit agency Accounts Payable (A/P) clerks process vendor invoices and payments utilizing Avail's Enterprise Transit Management Software (ETMS) Accounts Payable (AP) solution. A/P departments can efficiently manage cash flow, process outstanding invoices, make vendor payments, and financial posting through automation. Accounts payable is a critical function to every enterprise. Therefore, these procedural steps are applicable to any A/P staff member responsible for invoice and payment activities performed within the ETMS system, where A/P data is processed and preserved.~~

~~II. Operational Impact and Metrics~~

~~*Operational Impact:* Relying on ETMS AP to automate an A/P department's processes help to derive operational efficiency across the accounts payable lifecycle. Adopting the solution can enhance vendor relationships, secure early payment discounts, and improve the agency's A/P staff efficiency, accuracy, and productivity.~~

~~*Metrics:* A/P operational and financial performance, and productivity indicators can be monitored and measured against best practice industry standards in various areas, for example:~~

- | | |
|--|--|
| • Current ratio (liquidity ratio) | • Average cost for processing an invoice |
| • Financial burn rate | • Days payable outstanding |
| • Average total processing time of an invoice | • Number of early payment discounts received vs. Missed |

~~III. Definitions~~

Distribution Code	Allows for reports to be generated to further define subcategories within the selected general ledger (GL) account number.
------------------------------	---

	Standard Operating Procedure	
	Position: Finance Clerk	Title: Accounts Payable (A/P) Invoices and Payments
	Frequency: Agency Defined	SOP#: SOP-ETMS-Finance-01
Issue Date: May 2021		

Discount Code-Percentage	Percentage of the discount the vendor allows if paid within the discount days.
Discount Amount	Applicable discount sum if the vendor is paid within the discount days. Typically, in the AP module this field is automatically populated.
Payment Discount-Days	Number of days the invoice is due in order to receive a discount.
Applied Credit	Allows user to remove (by applying a credit for an invoiced amount) from an aging report when a debit and credit match, but the reference numbers do not due to different transactions.

	Standard Operating Procedure	
	Position: Finance Clerk	Title: Accounts Payable (A/P) Invoices and Payments
	Frequency: Agency Defined	SOP#: SOP-ETMS Finance-01
Issue Date: May 2021		

~~IV. Frequency~~

The accounts payable process begins when vendor invoices are received by the A/P department. Invoices are processed on an open invoice basis; however, the frequency of the accounts payable cycle is uniquely defined by each agency. Implementing a recurring accounts payable cycle, ensures the timely processing of vendor payments, and reduced end-of-month staff workloads while also avoiding late payments and late fees. Recurring expenses can be recorded automatically if established in a fixed expense file.

~~V. Roles and Responsibilities~~

Accounts Payable clerks are primarily responsible for the execution of the practices and procedure outlined in this SOP. The line of business manager or designee are responsible for the oversight of this procedure.

~~VI. Procedure~~

This procedure describes the high-level steps for a A/P clerk to follow when processing vendor invoices and payments in Avail's ETMS Accounts Payable (AP) module.

Accounts Payable (AP)

- ~~1. Receive invoice from vendor/supplier~~
- ~~2. If applicable, match the invoice to the purchase order (PO) with the cost and products listed or services rendered~~
- ~~3. Capture the invoice data~~
- ~~4. Code the invoice to the accurate invoice number~~
 - ~~• Post to general ledger (GL) accounts~~
 - ~~• If applicable, select GL Distribution code~~
- ~~5. Process invoice approval~~
 - ~~• Cash Requirements Journal (determinations)~~
 - ~~▪ Due date~~
 - ~~▪ Discount eligible~~
 - ~~▪ Fixed expense~~
 - ~~▪ On account~~
 - ~~▪ Reference number~~
- ~~6. Posting for payments~~
 - ~~• Process checks~~
 - ~~• Generate ACH payments~~
- ~~7. Update subsidiary journal~~
 - ~~• Updates around the PCN clinics were shared. / writes invoice(s) to the General Ledger~~
 - ~~• Meeting was kept brief due to summer holidays and many apologies.~~

Meeting adjourned 13:51
