Public Comments: None.

Requested to be on Agenda: Craig Sattesahn provided an update on the high-speed interchange project. Two detours are being discussed at this time. They are still looking to bid the project in April of this year with construction starting summer or late summer of this year hopefully. The first detour will be Jacksonville Road on the township side, this will be a long-term detour on the old Jacksonville Road. They're looking at five and a half years of construction so it will have a larger impact on the local residents in that area. Gettig questioned what will happen during Penn State games which cause high volumes of traffic, it will look pretty much the same as it does right now during this phase.

The second detour will be under the current 80 bridges, a short-term detour will be for local traffic as the ramps to 99 will be open at that point. It will be about 3 months that local traffic will have to utilize the detour, it will be towards the end of the project.

Our values:

Our values describe what matters most to us, and what our colleagues should expect from each other. We're all expected to show how we support and live up to these values in our work.

Create trust • Do the right thing, not the easy thing • Be honest and open • Do what you say.

Be curious • Think differently • Ask questions • Keep learning.

Make it happen • Own it • Do it • Be empowered.

Achieve impact • Do things that matter • Deliver results • Show pride and passion.

Have fun • Enjoy work • Be yourself • Stay connected.

We want colleagues to feel free to be themselves—so we're all responsible for making sure we promote a culture of equality, diversity and inclusion. And, as you'd expect, we're responsible for our own health and safety, following our policies and doing any training needed for our roles.
