Technology Portfolio Writing Prompt Rubric

Course Description:

This is a full credit course that is designed to give the student a thorough understanding of the principles of economics that apply to an economic system as a whole. The curriculum places particular emphasis on the study of national income and price determination and develops student familiarity with economic performance measures, economic growth, and international economics.

Classroom Expectations:

You are expected to conduct yourself in a respectful and productive manner. In addition to all the rules and expectations listed in the student handbook, I expect you to have a positive attitude, treat others with respect, practice self-discipline, and demonstrate responsibility. If these conditions are not met, you can expect one-on-one meetings with me, parent/instructor conferencing, and administrative action, if necessary.

Cell Phones/Electronic Devices --- Cell phones and earbuds/headphones will not be allowed to be used during classroom instruction time. Phones and earbuds/headphones will be put away in a location designated by the teacher and placed in silent mode. In secondary schools, students will have access to their phones and earbuds/headphones outside of classroom instruction time such as between classes and lunch. Failure to follow these procedures will result in a disciplinary referral to the office.

Other Classroom Expectations:

- Students are expected to arrive on time and be prepared and attentive.
- Students are expected to participate in class discussions and activities.
- Students are expected to read the material.
- Note-taking is recommended, but not required. (How you choose to do this is up to YOU!)
- Students are expected to turn in all assignments on specified due dates.

Grading and Make-Up Policy:

Grades will be updated weekly in PowerSchool. The average found in PowerSchool is the OFFICIAL AVERAGE for the course. Each grading period will consist of approximately nine weeks.

Course Grades: Grades are determined by weighted categories based on the following percentages:

Tests/Projects 70%

Quizzes/CW/HW 30%

Make-up Test: ALL test and quizzes missed due to EXCUSED absences can be scheduled for make-up with the instructor before school, after school, or during Patriot Path. Students may make up quizzes/tests on Monday – Friday mornings starting at 7:30 AM, Monday – Thursday afternoons, or during Patriot Path. Students have **two weeks** from the date of the quiz or test to make it up or the score will remain a zero.

***Times must be scheduled with the instructor IN ADVANCE.

ISTE NETS Standard 2 – Communication and Collaboration - Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.

Technology Portfolio Writing Prompt Rubric

Late Work: ALL work is due on the due dates indicated in class. Late work will not be accepted. Any work due on a day of absence is expected to be turned in on the student's FIRST day back in class.

Items of Interest:

- All unit tests will consist of 50 multiple choice questions and at least one FRQ. The MC will count 100 points and the test FRQs will count 50 points.
- All quizzes and tests will be timed.
- Our main goal is to work towards the AP exam. In order to achieve this goal, you MUST be willing to put in the work. After all, this is AP!
- Leave other subjects OUT of the room unless it is a workday.
- If you are here on quiz/test day, you are taking the quiz or test. You have plenty of advanced notice and you are expected to be prepared.

Text and Other Materials:

In addition to lecture and classroom activities, students are encouraged to use some of the resources cited below.

- ✓ Anderson and Ray: Krugman's Macroeconomics for AP, 2nd Edition. New York, New York: 2011.
- ✓ College Board/Advanced Placement Psychology sample exams and free response materials.
- ✓ Crash Course Macroeconomics: This is a video series that can be found on YouTube and is good for review of main concepts.
- ✓ AC/DC Economics (Jacob Clifford): Mr. Clifford is an AP Econ teacher who has created his own video series. We will watch some of his videos in class, but I suggest using them for review as well.

Laptops:

Concerning laptop utilization: 1. Student laptops should not be hard-wired to the network or have print capabilities. 2. Use of discs, flash drives, jump drives, or other USB devices will not be allowed on Madison City computers. 3. Neither the teacher, nor the school is responsible for broken, stolen, or lost laptops. 4. Laptops and other electronic devices will be used at the individual discretion of the teacher.

ADA Accommodations:

If you require any special needs or assistance during the semester, please notify the instructor sometime during the first week of class.

AP MACRO EXAM --- FRIDAY, MAY 9TH - NOON.

~~ISTE NETS Standard 2 – Communication and Collaboration – Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.~~

Technology Portfolio Writing Prompt Rubric

The AP Macroeconomics Exam includes two sections. The first section contains 60 multiple-choice questions to be answered in 70 minutes. The second section is the free-response section, which includes one long and two short FRQs to be answered in 60 minutes (10 planning/50 writing).

(This year's AP exam will be a hybrid with the multiple choice being online and the FRQs being on paper.)

~~ISTE NETS Standard 2—Communication and Collaboration—Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.~~
