LEAD AND COPPER 90th PERCENTILE SUMMARY

Location Code Key¹

¹ 90th Percentile Level = Concentration in the sample with sequence number yielded by $0.9 \times \text{number of samples}$. (Only 10% of the samples have higher lead or copper values) For 5 samples, 90th Percentile Level is the average of 4th and 5th highest samples.

² Arrange in ascending order. (Place results of all lead or copper samples taken during the monitoring period in order from the sample with the lowest concentration at the top to the sample with the highest concentration at the bottom.) Attach additional pages if necessary.

³ Attach a location code key showing the alphanumeric location code in ascending order and the corresponding address of the sample site (see page 2 of this form). Explain any changes to the sampling sites from the previous sampling event. If any sites have been added or removed, also update the Sampling Pool Details online through the Lead & Copper Data Acquisition Portal: <https://www.ncwater.org/?page=679>

****Use our web-based certification process "ECERT" to submit a copy of your 90th Percentile Summary under the 90th Percentile module.** Access to ECERT is available from our website or the following link: <https://pws.ncwater.org/ECERT/>. If you do not have internet access, mail the completed notice to the appropriate Lead and Copper Rule Manager at the Public Water Supply Section, 1634 Mail Service Center, Raleigh, NC 27699-1634.

LEAD AND COPPER 90th PERCENTILE SUMMARY

Location Code Key¹

Water System Number: _____ Date: _____

System Name: _____ Compliance Period: _____

[illegible]

1. Attach this location code key to the Lead and Copper 90th Percentile Summary sheet, listing sites used in the sampling event in ascending order by location code. Dear Sir/Madam

NAME	DATE OF BIRTH	NATIONALITY	REF NUMBER
------	---------------	-------------	------------

LEAD AND COPPER 90th PERCENTILE SUMMARY

Location Code Key¹

I, NAME, make this statement in support of my application for a UK visitor visa. I can confirm that this information is true to the best of my knowledge and belief.

1. Reason for visit (e.g. emotional support during prolonged deployment, meet new baby, passing out parade) and how long you intend to remain. Evidence could be letter of invitation from serving person, unit letter to confirm the deployment etc.
2. Accommodation during visit, where you will be staying. Need evidence that the house is big enough to accommodate—e.g. initial offer of house from DIO stating number of bedrooms, letter from serving person inviting family member to stay in the house, letter from unit confirming family live in SFA.
3. Finances—how will you support yourself? Employment in country of origin? Need to have evidence from employer granting time off, evidence of pay statements and bank statements. No employment or income, then need letter from serving person to state that they will financially provide for the family member during the visit—and evidence therefore of soldiers income (payslips, bank statements).
4. Evidence that you will return home at end of 6 months. Information about your personal situation in home country. I.e employment, any family members you are responsible for, college courses you are doing etc.

I hope this information has been useful. Please do not hesitate to contact me should you require further information.

Yours faithfully
