

McKinley School

Family Engagement Policy

McKinley Elementary School is committed to the belief that all children can learn and acknowledges that parents share in the success of their children. We believe that working together, as a team, is the key to our success at McKinley School. Parents, teachers, and administrators are encouraged to keep the lines of communication open between home and school. We strongly believe that a child's education is a shared responsibility between the home and the school.

As elementary school students begin their first experiences in a school, communication between families and school is crucial. Parents are encouraged to call, email, message on Schoology, or write notes to teachers if there are any questions or concerns throughout the school year. Interpreters are available, upon request, to meet with you and your child's teacher(s). We view parents as important decision makers in the academic lives of their children.

McKinley School parents and staff meet jointly to develop our School Wide Family Engagement policy and Compact in the fall of each school year at our Title I meeting.

Relevant workshops, programs, and activities will be offered to McKinley School parents throughout the school year. We encourage all of our parents to take part in what our school has to offer. Parents are equal partners and we value your input.

Although McKinley School sets two days aside in November for parent conferences, parents are encouraged to schedule meetings throughout the year if the need arises. If parents would like to schedule a conference with their child's teacher(s), they may contact the office directly and arrangements will be made.

If any parent would like to be involved in creating next year's family engagement documents, he/she can contact our Title I School Wide Support teachers, Mrs. Spitznogle or Ms. Adiutori (874-6870).

A Parent Resource Center is currently available and housed in our Community School Room. Contact our community school director, Amy Grande, at 874-6870.
