

Testimony Writing Guide

1. Life before Jesus

"He has delivered us from the domain of darkness and transferred us to the kingdom of his beloved Son" Colossians 1:13

- Think of your life before Christ.
- What did God save you from? Sin. A life of pride, greed, lust, addiction, moral conformity, etc.?
- What darkness did God bring you out of?

2. How you met Jesus

- Think of the time when God saved you. This doesn't have to be an exact time, but a time when you realized that God had transferred you from the kingdom of sin to the kingdom of Christ.
- What did God save you to? The gospel.
- How did you hear it?
- Who did you hear it from?
- When did you confess with your mouth that Jesus Christ was Lord and believe in your heart that God raised him from the dead? (Rom. 10:9)

3. Life with Jesus

- A testimony is not complete with ONLY what God did, but what he is CURRENTLY doing in your life as well.
- How is God shaping you today, this week, and the past month?
- What sin is God convicting you of?
- Should you share this confidentially with a pastor, discipleship group, or close friend?
- What is God showing you in His Word?
- Who has God placed in your life to share the gospel with?
- How are you living as someone who has been transferred from the kingdom of sin to the kingdom of Christ?
- How do you plan to grow in holiness?
- Who is working alongside you now to help you grow in holiness?

How can parents support reading?

- Reading comprehension means that your child understands and remembers what he reads or hears someone else read. You can help by asking questions about the stories you read together.
- Be sure to ask questions that review the facts in the story and also questions that require your child to use his own information added to the story. "Why do you think...?" "What if...then, what would have happened?"
- Pre-read a story by looking at all the pictures and talking about (predicting) what the story might be about. Include any words that your child will need to understand when he reads the story.
- Encourage your child as he reads signs, TV messages, logos, and other printed words in our daily lives.
- SSR (Silent sustained reading) Show your child that you enjoy reading by taking some quiet time to read together each in your own book.
- Watch to see how your child attacks unknown and known words. Wait, let him show and tell you how he "figures it out." Help him use a variety of strategies to "figure it out."
- When your child makes an error, your first question is: "Does that make sense?" Then you help him use strategies to get the unknown word.
 - You might have him look at the picture to remind him of what the story is about.
 - You might direct his attention to the beginning letter and have him "sound it out." Then re-read with the corrected word and confirm that it makes good sense.
- Monitor your child's reading a minimum of 20 minutes each day

Reading is about getting meaning from printed words.
