РЕШЕНИЕ (проект)

от _____ 2017 года

№ _____

О внесении изменений в Положение «Об осуществлении благоустройства территории
Внутригородского муниципального образования Санкт-Петербурга поселок Стрельна»,
утвержденное решением Муниципального Совета Муниципального образования поселок Стрельна
от 05.09.2017 №56

В соответствии с Законом Санкт-Петербурга от 23.09.2009 № 420-79 «Об организации местного самоуправления в Санкт-Петербурге», Уставом Внутригородского муниципального образования Санкт-Петербурга поселок Стрельна

МУНИЦИПАЛЬНЫЙ СОВЕТ
РЕШИЛ:

1. Внести следующие изменения в Положение «Об осуществлении благоустройства территории Внутригородского муниципального образования Санкт-Петербурга поселок Стрельна», утвержденное решением Муниципального Совета Муниципального образования поселок Стрельна от 05.09.2017 №56 (далее – Положение):

- 1) В пункте 1.4. Положения слова «, а также за счет средств бюджета Санкт-Петербурга» исключить.
- 2) Пункт 2.5.1. Положения дополнить словом «уличная» перед словом «мебель».
- 3) Пункт 2.5.3. Положения дополнить словом «уличной» перед словом «мебели».
- 4) Абзац 1 пункта 2.11.5 Положения после слов «местного значения» дополнить словами «, взамен уничтоженных или поврежденных».
- 5) Пункт 2.12.4. Положения исключить.

2. Контроль за исполнением настоящего решения возложить на Главу Муниципального образования поселок Стрельна Беленкова Валерия Николаевича.

3. Настоящее решение вступает в силу со дня его официального опубликования (обнародования).

Глава Муниципального образования,
исполняющий полномочия
председателя Муниципального Совета

В.Н. Беленков

MassHealth Pediatric Behavioral Health Medication Initiative

BACKGROUND

The Pediatric Behavioral Health Medication Initiative proactively requires prior authorization for pediatric members (generally members less than 18 years of age) for certain behavioral health medication classes and/or specific medication combinations (i.e., polypharmacy) that have limited evidence for safety and efficacy in the pediatric population.

As part of this initiative, the following situations will require a prior authorization:

1. **Behavioral health medication polypharmacy:** (i.e., alpha₂ agonists, antidepressants, antipsychotics, armodafinil, atomoxetine, benzodiazepines, buspirone, cerebral stimulants, donepezil, hypnotic agents, memantine, meprobamate, modafinil, mood stabilizers [agents considered to be used only for seizure diagnoses are not included], naltrexone, prazosin, viloxazine, and xanomeline/trospium) filled within a 45-day period for members less than 18 years of age:
 - Pharmacy claims for 4 or more behavioral health medications if one of the following is included: an antipsychotic, a benzodiazepine, divalproex/valproate, lithium, or a tricyclic antidepressant
 - Pharmacy claims for 5 or more behavioral health medications (regardless of the medications included)
2. **Antipsychotic polypharmacy:** overlapping pharmacy claims for two or more antipsychotics for at least 60 days within a 90-day period for members less than 18 years of age;
3. **Antidepressant polypharmacy:** overlapping pharmacy claims for two or more antidepressants for at least 60 days within a 90-day period for members less than 18 years of age;
4. **Cerebral stimulant polypharmacy:** overlapping pharmacy claims for two or more cerebral stimulants (immediate-release and extended-release formulations of the same chemical entity are counted as one) for at least 60 days within a 90-day period for members less than 18 years of age;
5. **Mood stabilizer polypharmacy:** overlapping pharmacy claims for three or more mood stabilizers (agents considered to be used only for seizure diagnoses are not included) for at least 60 days within a 90-day period for members less than 18 years of age;
6. **Benzodiazepine polypharmacy:** overlapping pharmacy claims for two or more benzodiazepines (hypnotic-benzodiazepine agents, clobazam, nasal and rectal diazepam, and nasal midazolam are not included) for at least 60 days within a 90-day period for members less than 18 years of age;
7. **Antipsychotic** pharmacy claim for members less than ten years of age;
8. **Antidepressant, armodafinil, atomoxetine, benzodiazepine, buspirone, donepezil, hypnotic, memantine, meprobamate, modafinil, mood stabilizer (agents considered to be used only for seizure diagnoses are not included), naltrexone, prazosin, viloxazine, or xanomeline/trospium** pharmacy claim for members less than six years of age;
9. **Alpha₂ agonist or cerebral stimulant** pharmacy claim for members less than three years of age.

The reference table below lists the behavioral health medications included in the Pediatric Behavioral Health Medication Initiative. Further information on the prior authorization requirements, including approval criteria, can be found within the MassHealth Drug List at www.mass.gov/druglist.

Pediatric Behavioral Health Medication Initiative Medication List¹

Antidepressants		Mood Stabilizers	
amitriptyline	levomilnacipran	carbamazepine	oxcarbazepine
amoxapine	mirtazapine	divalproex	pregabalin
bupropion	nefazodone	gabapentin	topiramate
citalopram	nortriptyline	lamotrigine	valproic acid
clomipramine	paroxetine	Antianxiety Agents	
desipramine	phenelzine	alprazolam	diazepam ³
desvenlafaxine	protriptyline	buspirone	lorazepam
dextromethorphan/bupropion	selegiline ²	chlordiazepoxide	meprobamate
doxepin	sertraline	chlordiazepoxide/ amitriptyline	midazolam ³
duloxetine	tranylcypromine	clonazepam	oxazepam
escitalopram	trazodone	clorazepate	
esketamine	trimipramine	Hypnotics	
fluoxetine	venlafaxine	daridorexant	quazepam
fluvoxamine	vilazodone	doxepin ⁴	suvorexant
imipramine	voxetamine	eszopiclone	temazepam
isocarboxazid	zuranolone	flurazepam	zaleplon
Antipsychotics		lomborexant	zolpidem
		Alpha ₂ -Agonists	
		clonidine	guanfacine
		Stimulants	
		amphetamine	lisdexamfetamine
		dexmethylphenidate	methamphetamine
		dextroamphetamine	methylphenidate
		dextroamphetamine/ amphetamine	serdexmethylphenidate dexmethylphenidate
		Miscellaneous	
		armodafinil	modafinil
		atomoxetine	naltrexone ⁵
		donepezil	prazosin
		memantine	viloxazine

¹Short-acting intramuscular injectable and intravenous formulations are excluded from the Pediatric Behavioral Health Medication Initiative requirements.

²Emsam (selegiline) is the only selegiline formulation included in the Pediatric Behavioral Health Medication Initiative.

³Nasal and rectal diazepam and nasal midazolam formulations are excluded from the Pediatric Behavioral Health Medication Initiative requirements.

⁴Doxepin tablet is classified as a hypnotic agent and the Pediatric Behavioral Health Medication Initiative requirements for antidepressants do not apply. Pediatric Behavioral Health Medication Initiative requirements for hypnotics apply.

⁵Vivitrol (naltrexone injection) is excluded from the Pediatric Behavioral Health Medication Initiative requirements.
