

CPSC Service Specification Checklist

Rationale of Checklist	
This checklist will be completed by the CPSC sub-committee for every new or recommissioned service specification sent to CPSC for comment/consultation. The response summary is completed after consultation and agreement by the sub-committee. The Checklist contains the CPSC sub-committee's comments/recommendations for any requested changes to the proposed/draft service specification in order to achieve / improve further the green rating. It will be sent to the service commissioner for consideration of amendments ideally prior to go-live of the service. CPSC's purpose is to work positively with commissioners to ensure high quality outcomes from the service, which are both professionally and commercially viable for contractor participation.	
Service and Commissioner	
Pharmacy Needle and Syringe Programme (PNSP) Southampton City Council	
Response summary feedback from CPSC	
CPSC has rated this service specification as Green based on the comments made below. Our recommended actions to further improve the service are: 1. Payments currently being made quarterly two months in arrears, the LPC would recommend payment monthly. It is noted the commissioner has said they will try and pay sooner wherever possible.	
Time-line & Next Steps for CPSC	
CPSC will publish this service participation rating to contractors in 10 days' time. Publication of this recommendation will be via individual email and posting on our website. Commissioners are asked to please respond promptly with feedback / proposed changes so that they can be included within CPSC's recommendation to its contractors.	
Commissioners response to CPSC feedback	

CPSC Service Specification Checklist

Please enter response here, returning promptly to alison.freemantle@cpsc.org.uk
