1 Introduction

What is in this document

Recording forms to be used by Centres / End-point Assessment Customers / Employers / Training Providers:

- Portfolio evidence reference form and declaration of authenticity
- Project/improvement template and declaration of authenticity

This document must be used alongside the **End-point Assessment Pack for Centres / End-point Assessment Customers** document.

How to use forms

Centres / End-point Assessment Customers / Employers / Training Providers must use the forms provided by City & Guilds in the format laid out in this document.

Portfolio evidence reference form

In the evidence reference column the apprentice should provide a clear reference to the piece of evidence that links to the relevant area of the standard. This could be a file name, or more detailed description.

If the training provider/employer is asked to review the evidence that has been submitted to City & Guilds, the originally submitted form should be added to and amended indicating the revised evidence.

In the case of resitting the assessment the apprentice should only complete the sections for any new evidence submitted.

Project/improvement template

This is a guidance document which can be used by the apprentice to fully detail the content of the Project/ improvement process they have worked on over a set period of time. A similar document can be used, however it is advisable that any document ensures the key requirements are covered and easily identified.
