

Electrify Program

Qualified Contractor Form Template

Overview: The goal of this Qualified Contractor Form template is to provide local governments and community organizations with easily modifiable content to integrate into an online qualified contractor form. Interested heat pump contractors can use this form to apply to be listed on the residential heat pump program’s qualified contract list.

Instructions: You may use or modify this template in whatever way is most helpful. RMI does not expect credit or citation for any of this material.

Follow the proposed directions below to utilize this template:

1. Utilize Microsoft Word’s replace all function (Ctrl/Command + shift + h) to make the following replacements:
 - a. Replace “[PROGRAM NAME]” with the name of your program. For example, “Electrify Ann Arbor”.
 - b. Replace “[PROGRAM COORDINATOR]” with the organization that is coordinating or managing the program. For example, “The City of Ann Arbor.”
 - c. Replace “[JURISDICTION]” with the city, county, or neighborhood where your program is focused. For example, “Ann Arbor.”
2. Replace all [yellow highlighted bracketed text] with the appropriate language for your project and local context.
3. If the Qualified Contractor form is being released by the city directly, carefully review the entire Qualified Contractor form with your local government or organization’s attorney, procurement officer, and other relevant staff.
4. To set up a Google Form, please follow the Google Form instructions found [here](#). To set up a Microsoft Form, please follow the Microsoft Form instructions [here](#).

Sources: This template was created using the best practices our team identified in various Electrify Programs in 2022 and 2023 and RMI’s internal expertise.

Disclaimer: RMI makes no warranties or guaranties about the completeness or accuracy of this information. Any material in this template should be used at your own risk and in your sole discretion; by its use you acknowledge that RMI shall not be liable for any damages in connection with the use of this template.

Qualified Contractor Form Overview

Program Overview: [PROGRAM NAME] invites local air-source heat pump (ASHP) and heat pump water heater (HPWH) contractors serving [JURISDICTION] to apply for participation in [PROGRAM NAME] as a Qualified Heat Pump Contractor (QHPC). The goals of [PROGRAM NAME] include [list program goals].

Program Partner Requirements: [PROGRAM NAME]'s partners will perform community outreach and communications to [JURISDICTION] residents to encourage them to sign up for [PROGRAM NAME]. QHPCs will [automatically receive all generated sign-up leads OR automatically receive a percentage of generated sign-up leads OR be recommended to residents to reach out to directly].

Qualified Contractor Requirements: QHPCs will be responsible for responding to residents that sign up for [PROGRAM NAME] within [two] business days, collecting the necessary information to provide residents an ASHP and/or HPWH quote, and supporting residents through the installation process should they sign a contract. QHPCs will be required to share final contract details, including [system technology, AHRI, price with rebates], with [PROGRAM NAME] administrators to privately track ASHP and HPWH installation and cost trends in [JURISDICTION].

Qualified Contractor Submission and Evaluation: Please fill out this form and submit by end of business on [DATE] to apply to our Qualified Heat Pump Contractor list. You will receive a response within [X business days]. If you have questions or concerns, please email [PROGRAM COORDINATOR EMAIL]. [PROGRAM NAME] reserves the right to remove QHPCs from the list if they do not meet minimum requirements of [minimum customer response time, minimum annual installation rates, customer satisfaction and reviews, and heat pump performance if monitoring systems available] and do not improve upon formal notice of warning from [PROGRAM NAME].
