UK Visas & Immigration

21 July 2020
*NB Date must be within 28 days
of application submission*

Dear Sir/Madam

NAME	DATE OF BIRTH	NATIONALITY	REF NUMBER
------	---------------	-------------	------------

I, NAME, make this statement in support of my application for a UK visitor visa. I can confirm that this information is true to the best of my knowledge and belief.

1. Reason for visit (e.g. emotional support during prolonged deployment, meet new baby, passing out parade) and how long you intend to remain. Evidence could be letter of invitation from serving person, unit letter to confirm the deployment etc.
2. Accommodation during visit, where you will be staying. Need evidence that the house is big enough to accommodate – e.g. initial offer of house from DIO stating number of bedrooms, letter from serving person inviting family member to stay in the house, letter from unit confirming family live in SFA.
3. Finances – how will you support yourself? Employment in country of origin? Need to have evidence from employer granting time off, evidence of pay statements and bank statements. No employment or income, then need letter from serving person to state that they will financially provide for the family member during the visit –and evidence therefore of soldiers income (payslips, bank statements).
4. Evidence that you will return home at end of 6 months. Information about your personal situation in home country. I.e employment, any family members you are responsible for, college courses you are doing etc.

I hope this information has been useful. Please do not hesitate to contact me should you require further information.

Yours faithfully

NAME
