

Sequatchie County Schools

Medication Order Form

The medication administration policy of the Sequatchie County School System states:
Medications shall be administered only when the student's health requires that they be given during school hours. Medications that are administered at school must be brought to school by the parent/guardian and must be in the original container with pharmacy labels attached. They must be stored in a locked cabinet and administered under the supervision of a school nurse or his/her designee. Written authorization from the student's parent/guardian and physician is required, and is for the current school year only. *Inhalers or emergency medications are allowed to be carried by the student if ordered to do so by the physician and competency is evaluated.

Student's Name: _____ School: _____

Date of Birth: _____ Allergies: _____

<u>Medication</u>	<u>Dosage/Route</u>	<u>Dose Schedule</u>	<u>Reason</u>
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

_____ *Please allow student to carry inhaler on himself/herself at all times to be used in an (physician's initials) emergency situation. I have instructed the student on the proper administration of medication and feel that the student is competent to carry his/her inhaler.

Date: _____ Physician's Signature: _____

Address: _____

Phone: _____

.....
I hereby give my permission for the above named student to receive the above prescribed medication at school. I agree to cooperate with the school system's policies on medication.
