

THE WFEO 2023 MEDAL OF EXCELLENCE IN ENGINEERING EDUCATION

The WFEO Awards Committee will set up an independent international judging panel to make its recommendation to the WFEO Executive Board for ratification.

The Medal's recipient will be notified in fall 2023. The laureate will be presented during WFEO's General Assembly and World Engineers' Convention in Prague, Czech Republic, 9-15 October 2023.

The WFEO Medal of Excellence in Engineering Education was created in Madrid, in November 1999, during the 18th General Assembly of WFEO. The Medal was to be presented biennially hereafter, helping *direct world attention to the importance of continuing improvement in the quality, delivery and relevance of engineering education and training.* There is no honorarium or stipend associated with the award.

Nominations are called for outstanding individuals who have made a significant contribution to engineering education. Nominations can be proposed by an institution such as a university, engineering institution or association, corporate entity or other organisation. Nominations need to be approved by the President, Chief Executive, head of department in a university or equivalent of the institution. Nominations and support letters from members organisations or associates of WFEO will be highly regarded.

Award Criteria: The recipient will be chosen based on his or her noteworthy contributions to the improvement of engineering education. Special consideration will be given to outstanding services rendered by educators to engineering educational institutions, and to those involved in the education of engineers. Nominees should possess appreciable experience in the profession as well as significant educational accomplishments.

THE WORLD FEDERATION OF ENGINEERING ORGANIZATIONS (WFEO)

The World Federation of Engineering Organizations is the peak body for the professional engineering institutions. Founded in 1968, we have national members from about 100 countries representing some 30 million engineers. We work with the UN and other international institutions, to address issues relating to engineering, promote globally agreed good practice and to address the challenges of sustainable development around the world.

Through these activities, we regularly engage with governments, policy-makers and United Nations leaders to present the engineering perspective. We are a member of the United Nations Social and Economic Council and we co-lead the UN Science and Technology Major Group. We are an official partner of UNESCO and our Secretariat is based at their headquarters in Paris.

NOMINATION FORM

Please use the following checklist to ensure all items have been completed:

- A: Background Data for the nominated engineer (fill the form)
- B: Description of accomplishments
- C: Endorsement letters (fill contact information and attach one to four letters as word or pdf document)
- D: Security & Privacy Information (read, agree, and advise on your nomination being considered on future occasions)

A. BACKGROUND DATA FOR THE NOMINATED ENGINEER

Name and surname*: _____

Date of Birth DD/MM/YYYY*: _____

Nationality *: _____

Current job*: _____

Position*: _____

e-mail*: _____

Date *: _____
DD/MM/YYYY

Please attach a CV (preferably max 2 pages)

World Federation of Engineering Organizations
Fédération Mondiale des Organisations d'Ingénieurs

B. DESCRIPTION OF ACCOMPLISHMENTS

[Insert a description of accomplishments in relation with the criteria described in the Medal presentation: max. 500 words]

LIST OF ANNEXES

- publications or research;
- projects;
- photos about project of research;
- book

Name & Surname of the nominating person: _____

Date *: _____

World Federation of Engineering Organizations
Fédération Mondiale des Organisations d'Ingénieurs

C. ENDORSEMENT LETTERS

Letters from at least one and no more than four individuals whose names and contact emails must be listed below.

Please attach the corresponding supporting letters in Word or pdf format

Name and surname*: _____

Email*: _____

Individual 1.

Name and surname and contact email address*

* (Attach a word or pdf document)

Individual 2.

Name and surname and contact email address*

* (Attach a word or pdf document)

Individual 3.

Name and surname and contact email address*

* (Attach a word or pdf document)

Individual 4.

Name and surname and contact email address*

* (Attach a word or pdf document)

D. SECURITY & PRIVACY INFORMATION

PREAMBLE

The World Federation of Engineers Organizations (WFEO) has created this Privacy and Personal Data Protection Policy in order to describe its policy and practices regarding the collection, use and disclosure of your personal data. These data were obtained through your application for one of the awards managed by WFEO. These data are used for WFEO in accordance with the rules defined in the French data protection law referred to as the “Loi Informatique et Libertés” of 6 January 1978, as amended, and Regulation (EU) 2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data (hereafter the “GDPR”).

Article 1. Privacy policy

Because we respect your privacy, we have implemented procedures to ensure that your personal data are processed safely, securely and responsibly. The objective of this privacy policy is to explain our data collection practices and your rights. This Privacy Policy may be amended at any time. The applicable Privacy Policy is the one in force from the date your application is sent and/or we send you communications.

Article 2. Definition of the Data Controller

WFEO is the data controller, as defined by the personal data protection regulations, in particular the French data protection law referred to as the “Loi Informatique et Libertés” of 6 January 1978, as amended, and the GDPR.

WFEO is an international, non-governmental organization established under the auspices of the United Nations Educational, Scientific and Cultural Organization (UNESCO) in Paris. It cooperates with national and other international professional institutions in being the lead profession in developing and applying engineering to constructively resolve international and national issues for the benefit of humanity.

The WFEO's Secretariat is located at Maison de l'Unesco - 1, rue Miollis - 75015 Paris, France. The email address is secretariat@wfeo.org

Article 3. The data we collect

“Personal data” means any information that identifies you and/or your company, directly or indirectly. The data collected may include the following:

- last name,
- first name,
- address,
- telephone number,
- email address,
- birthday,
- delivery and invoicing address,
- professional experiences
- company name

World Federation of Engineering Organizations
Fédération Mondiale des Organisations d'Ingénieurs

- all necessary data to submit your nomination for the award

Article 4. Method to collect and receive your personal data

Your data will only be collected on the occasion of your direct or indirect application for one of the prizes managed by WFEO.

Article 5. Objectives of the collection of your personal data

Evaluating your business for the purpose of awarding the prize is the sole purpose of collecting your personal data.

By submitting your application, you accept that WFEO can communicate it on its information channels. When the legal basis for processing is your explicit consent, you may exercise your right to withdraw your consent at any time by contacting our data protection officer.

Article 6. Retention period for your personal data

The data are retained for a maximum period of **two years** from your latest application. When the maximum data retention period expires, we delete these data from our systems.

Article 7. Recipients of your data

Your data will be stored by the WFEO Secretariat.

The protection of this data is strictly controlled and complies with the GDPR.

Only if the prize is awarded, some of your personal data may be transmitted to the main sponsors of the competition.

Your data are not transmitted to any third parties for commercial purposes.

To ensure a sufficient level of protection when your data are transferred, they are governed by standard contractual clauses established by the European Commission that you may consult by contacting our data protection officer.

Article 8. Your rights

Under the GDPR, your rights over your personal data are as follows:

Right to be informed: you have the right to obtain clear, transparent and intelligible information on the manner in which we use your personal data and on your rights. This policy presents this information.

Right of access: you have the right to access your personal data retained by WFEO.

Right to rectification: you have the right to have WFEO correct your personal data if they are inaccurate and/or to complete them if they are incomplete.

Right to erasure/right to be forgotten: you have the right to have WFEO erase your data.

Right to restrict processing: you have the right to have WFEO restrict the processing of your data and to withdraw your consent regarding the processing of your data when this processing is based on your consent.

World Federation of Engineering Organizations
Fédération Mondiale des Organisations d'Ingénieurs

Article 9. Applicable law

This Privacy Policy is governed by French laws.

☐ I agree. ☐ I do not agree

Name & Surname: _____ Date: _____
DD/MM/YYYY

If your nominee is not selected and you would like him/her considered on a future occasion, please tick the box below.

☐ Yes ☐ No

Note 1—Statement of Significant Accounting Policies

The following significant accounting policies have been adopted in the preparation and presentation of the financial statements. They have been consistently applied in the current and previous periods unless otherwise stated to ensure the financial information satisfies the concept of relevance and reliability.

~~(a) Statement of Compliance~~

The trustees have prepared the financial statements on the basis that the superannuation fund is a non-reporting entity because the members are able to command the preparation of tailored reports so as to satisfy specifically all of their information needs and there are no other users dependent on the financial statements. The financial statements are therefore special purpose financial statements that have been prepared in accordance with the legislative requirements of the *Superannuation Industry (Supervision) Act 1993* and *Regulations 1994* and the provisions of the Trust Deed. The trustees have determined that the accounting policies adopted are appropriate to meet their needs.

~~(b) Basis of Preparation~~

The financial statements have been prepared on a cash basis using historical costs convention unless stated otherwise. For investments and financial liabilities, they are measured at market values.

The financial statements are presented in Australian dollars, which is the functional currency of the fund.

~~(c) Use of Accounting Estimates and Judgments~~

The preparation of financial statements requires the trustees to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future period affected.

~~(d) Cash and Cash Equivalents~~

Cash and cash equivalents include cash on hand, deposits held at call with banks or financial institutions and short term, highly liquid investments that are readily convertible to cash and are subject to an insignificant risk of change in value.

~~(e) Foreign Currency~~

Any foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign currency monetary items at reporting date are translated at the exchange rate existing at reporting date. Exchange differences are recognised in the operating statement in the period in which they arise.

~~(f) Valuation of Assets~~

~~Investment~~

An investment is initially recognised when as a result of past transactions or events, the Fund controls the future economic benefits expected to flow from the asset.

The investment assets are firstly recorded at cost, being the fair value of the consideration given. After initial recognition, they are measured at market value. Gains or losses arising from changes in market value are recognised on the Operating Statement in the periods in which they occur.

Market value as defined in s10 of SISA 1993, in relation to an asset, means the amount that a willing buyer of the asset could reasonably be expected to pay to acquire the asset from a willing seller if the following assumptions were made:

- i. that the buyer and the seller dealt with each other at arm's length in relation to the sale;
- ii. that the sale occurred after proper marketing of the asset;
- iii. that the buyer and the seller acted knowledgeably and prudentially in relation to the sale.

As disposal costs are generally immaterial unless otherwise stated, market value approximates fair value.

World Federation of Engineering Organizations Fédération Mondiale des Organisations d'Ingénieurs

Market values for various types of investment have been determined as follows:

- i. listed securities, government and other fixed interest securities for which there is a readily available market quotation, the valuation is recorded as the last quoted sale price as at the close of business on reporting date. If the listed securities are foreign, they are also converted to Australian dollars using the exchange rate at the close of business on the reporting date;
- ii. unit trusts and managed funds are stated by reference to the unit redemption price quoted by the fund manager at the end of the reporting period;
- iii. unlisted investments are stated at the Trustees' valuation based on estimated market value at balance date; or where necessary, upon external valuers' expert opinions;
- iv. Investment properties are carried at market value and are held for the purpose of generating long-term rental yields and capital appreciation. The Trustees give consideration to the value of the investment property each financial year and revalue when a significant event occurs or when deemed appropriate. Where an external valuation has been obtained, the valuation is based on objective and supportable data and has been carried out by a property valuation service provider or qualified independent valuer as appropriate.

Financial Liabilities

The Fund initially recognises a financial liability on the date it becomes a party to the contractual provisions of the instrument.

Financial liabilities including credit balances of hedging instruments and derivatives are measured at market values as at the reporting date. Any change in market values of the financial liabilities since the beginning of the reporting period shall be included in the profit or loss for the reporting period. As disposal costs are generally immaterial, unless otherwise stated, market value approximates fair value.

Receivables and Payables

Current assets such as accounts receivable, which are expected to be recovered within twelve months after the reporting period, are carried at nominal amounts which approximate the fair values.

Accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the goods and services received, whether or not billed to the Fund and are carried at nominal amounts which are equivalent to fair values.

(g) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable. The following recognition criteria relate to the specific items of revenue the Fund receives:

Interest

The interest revenue is recognised by the Fund on a cash receipt basis, unless the Fund chooses the accrual method and the amount can be reliably measured by reference to the principal outstanding and using the effective interest rate of the instrument calculated at the acquisition or origination date.

Dividend Revenue

The entitlement to a dividend is based on the date the shares are quoted ex dividend; the actual dividend revenue is recognised by the Fund when it is received.

World Federation of Engineering Organizations Fédération Mondiale des Organisations d'Ingénieurs

Distribution Revenue

Distributions from unit trusts and managed funds are recognised as at the date the unit value is quoted ex-distributions and if not received at the end of the reporting period, are reflected in the statement of financial position as a receivable at market value.

Rental Income

Rent from investment properties is recognised by the Fund on a cash receipt basis.

Movement in market values

Changes in the market value of investments are determined as the difference between the market value at balance date or consideration received (if sold during the year) and the market value as at the prior year end or cost (if the investment was acquired during the period). All movements are recognised in the Operating Statement.

Contributions and Rollovers In

Contributions and rollovers in are recognised when the control and the benefits from the revenue have been attained and are recorded by the Fund, gross of any taxes, in the period to which they relate.

(h) Income Tax

The income tax on the benefits accrued as a result of operations for the year comprises current and deferred tax. Income tax expense is recognised in the Operating Statement.

Current income tax expense is calculated by reference to the amount of income taxes payable in respect of the taxable income for the year using tax rates enacted or substantively enacted by reporting date and any adjustment to tax payable in respect of previous years. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax liability balances during the year as well as any unused tax losses.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the assets are realised or the liabilities are settled and their measurements also reflect the manner in which the Trustees expect to recover or settle the carrying amounts of the related assets or liabilities.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax assets can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent it is no longer probable that the related tax benefits will be realised.

Current tax assets and liabilities are offset where a legally enforceable right of set off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur.

Deferred tax assets and liabilities are offset when a legally enforceable right of set off exists, they relate to income taxes levied by the same taxation authority and the fund intends to settle the tax assets and liabilities on a net basis in future when they are realised.

The financial report was authorised for issue on [AuthorisationDate] by the directors of the trustee company.
