

PPG Meeting
31/07/2025 – Start Time 13:13

Attendees:

MN – Deputy Manager

SA – Practice Manager

MC, GM,

JB, BB, ZF, JS, SN, AW

Apologies:

CC, AK, LU, MAS, DR

- Review of last minutes of meeting – everyone agreed no changes were needed.
- Meeting started at 13:13
- Asked PPG members if they would like anything to be added on Agenda to discuss in todays meeting.
- Discussed 2025 national survey report for the Practice. Gave each patient a coloured copy of the report to review. Once they had reviewed results, they were then given a coloured copy of last years report to compare the scores.
- The report was explained by Practice Manager. This is a national survey sent out yearly to randomly selected patients each year and returned to the provider. The results are of those who have returned the survey. Once they compile the results along with all the other practices, they then publish the national data online and notify the Practices of their results.
- PM went through each question and compared the data with the PPG members. On each question asked the Practice improved the percentage compared to last year.
- PPG members were asked what the Practice could do to get more patients to engage with completing such surveys.
- When checking data online you can also check neighbouring practices, and we compared ours to our PCN practice and we could see a higher percentage of returned surveys for other practices.
- SN suggested we send out text messages when we know surveys will be sent out and if patients struggle to complete, we could ask them to bring into the Surgery to help.
- MN explained that as we are not the ones sending out the surveys, we wouldn't know which patients the survey gets sent too and this would mean we would have to send a text msg to all 6000 patients registered at the Practice.
- MN also highlighted that we do not want any influence on the answers provided and we would like honest feedback from the patients. The patients if they do come in for help may feel obliged to give better scoring than how they actually feel.

- Overall, we are satisfied the outcome of the survey results – we will try and educate the patients who attend the surgery and encourage them to complete such forms/surveys in the future.
- Also decided to display notices before they get sent out.
- Updated the members about not being able to prescribe Mounjaro and this needs to be done through weight management.
- BB asked when they will be able to book in for flu jab. MN explained Flu Season starts from October. MN also explained that the local pharmacies received the vaccines around 2-3 weeks before GP practices if they wish to have it sooner they can find out from their local chemist.
- The Practice has not yet received a confirmation date of delivery for flu jabs.
- Updates around the PCN clinics were shared.
- Meeting was kept brief due to summer holidays and many apologies.

Meeting adjourned 13:51

Next meeting: October 2025 Sales Builder Pro Pricebook After Launch Checklist

I have a checklist to complete a project. Use this checklist to methodically customize the app to meet the needs of your company.

☐ ~~Equipment~~

- ~~Export the worksheet.~~
- ~~Highlight Model Display Name changes you would like to have made.~~
- ~~Indicate items that you want to remove from your price book.~~
- ~~Add additional series/models if needed~~
- ~~Submit the document to Document Portal. (Management Portal > Documents)~~

☐ ~~Accessories~~

- ~~Export the worksheet~~
- ~~Highlight Model Display Name changes you would like to have made.~~
- ~~Indicate items that you want to remove from your price book.~~
- ~~Add additional models if needed~~
- ~~Submit the document to Document Portal – CSS will import the update sheet.~~
- ~~Note: The manage button allows you to make changes to the items that display in the app and allows you to add additional items as needed. Changes made with the manage button go live immediately.~~

☐ ~~Add-Ons/Services~~

- ~~Export the worksheet~~
- ~~Highlight Model Display Name changes you would like to have made.~~
- ~~Indicate items that you want to remove from your price book.~~
- ~~Add additional services if needed~~
- ~~Submit the document to Document Portal – CSS will import the update sheet.~~

- ~~Note: The manage button allows you to make changes to the items that display in the app and allows you to add additional items as needed. Changes made with the manage button go live immediately.~~

Pricing

☐ ~~Set tax rate~~

☐ ~~Set Desired Margin~~

Cost

☐ ~~Install Kits: Set standard install kit \$ amount for each equipment type in your price book.~~

☐ ~~Manage Kits Button (Install Manager Pro option if purchased)~~

- ~~Each equipment type in your price book has an install kit. Accessories and Add-Ons do not have an install kits.~~
- ~~Each equipment type contains Categories. Categories can be optional, recommended or mandatory.~~
- ~~Categories contain kit items~~
- ~~If you have a lot of changes to make Export Kit items worksheet. Indicate items that you would like to have removed~~
- ~~Submit the document to Document Portal — CSS will import the update sheet.~~
- ~~Manage Install Kits allows you to make changes that go live automatically. You can add additional items and change what is currently loaded.~~

☐ ~~Labor: Set standard labor \$/hr and number of hrs. for each equipment type.~~

☐ ~~Labor Options Button (Install Manager Pro option if purchased)~~

- ~~Labor options are commonly used to adjust the amount of time applied to a piece of equipment based on the difficulty of the job. i.e. Crawl Space, Attic, etc.~~
- ~~Install Button in the App displays the standard labor amount. Sales can select a different labor option while building the quote.~~
- ~~Labor options are built out for equipment only. If you need labor and labor options for accessories or add-ons, a business rule would need to be added for the equipment type.~~

☐ ~~Pricing Adjustments:~~

- ~~Commonly used for commissions. Commissions are applied after the Margin is applied to cost of equipment, Install kits and Labor.~~
- ~~Pricing adjustments only apply to items where the price is **calculated** using the business rules.~~

☐ ~~Overall Job Costs:~~

- ~~This section is commonly used for items that apply to the entire Option when selected. (i.e. permits, extra labor, duct testing). Margins and labor are set to each line item in this section.~~

☐ Financing:

- Your CSS can load your most commonly used programs.
- Provide a list that includes the plan name, term, payment factor, and dealer fee.
- Submit the document to Document Portal.
- Note: The manage button allows you to load your own program details, sort the order in which they display on your app, or deactivate old programs.
