

Mixed Formatting Test

This paragraph has no direct formatting — everything comes from the Normal style.
This sentence is **bold** and **this word is red** — only bold and color should survive
export as inline w:rPr.

Courier New 14pt override: back to normal style here.

Character Style Test

Normal text, then ***bold italic override which should export only w:b and w:i, not the inherited font/size.***

1. ~~Item~~

Sub-paragraph

sub-paragraph

2. ~~Item 2~~
