

WISCONSIN ORAL HEALTH COALITION

Dental Hygiene Practice Settings Best Practices

The Wisconsin Oral Health Coalition asks that you complete this submission form to inform Wisconsinites about dental hygiene practice in alternative settings.

In June 2017, Governor Scott Walker signed Act 20 into law. Prior to 2017, dental hygienists in Wisconsin could practice dental hygiene without authorization or oversight of a dentist in three settings: schools, local public health departments, and dental and dental hygiene schools. This bill allows this same level of care to occur in additional settings such as nursing homes, hospitals, day care centers and physician's offices. This paves the way for innovative strategies to bridge and strengthen the connections between medicine and dentistry here in Wisconsin.

The Wisconsin State Legislature grants the Dental Examining Board the authority to disseminate rules in Wis. Stat. 447.02. The Dentistry Examining Board has the authority to author and edit Wisconsin Administrative Code DE.

Please provide a more detailed description of your **successful implementation of Act 20** by fully completing this form. Expand the submission form as needed but within any limitations noted.

NOTE: Please use Calibri 10 font.

~~PA-5-O-D~~ Oct 2024 ~~5-O-D Virtual Learning Options~~

District: _____ Count Date: _____

Building/Program: _____

~~Please check that you have attached:~~ ☐ ~~PA-5OD (1) Virtual Learning Participation Summary~~

☐ ~~List of Virtual Learning Mentors for this Program~~

~~Virtual learning courses in grades K-12 are board-approved, earn academic credit, and instruction is delivered via a digital learning environment. Check all that apply to your virtual program and provide the additional detail requested:~~

~~☐ District provided w/ district teachers (list courseware): _____~~

~~☐ Cooperative agreement w/ another MI public school (district name): _____~~

~~☐ 3rd party vendor provided (list vendors): _____~~

~~Audit Measure for Virtual Courses (3 options)~~

SECTION I: CONTACT PERSON PREPARING THE SUBMISSION Attendance (in EACH Course)	Tier 2 Course Activity (in EACH Course)	Tier 3 Two-Way Interactions (weekly)
- Pupil attends blended course in-person (50% seated), or attends a live, synchronous instructional session (regularly scheduled) with the teacher of record for that subject course. 10/30-day rule does apply (if no return w/in 10 days, excused absence documentation on file)	- Pupil completes a course activity (i.e. lesson/test/quiz/assignment substantiated by a system-generated report showing pupil name, course name, activity type, and date completed). 10/30-day rule does apply (if no return w/in 10 days, excused absence documentation on file)	- Two-ways should be conducted weekly regardless of method used for membership. - Can be parent-facilitated if pupil is K-5 or SPED and age/disability prevent unassisted two-way 10/30-day rule not relevant - Each interaction must be logged (date/method/brief summary)

For SY2024-25, the date ranges to capture Tier 3 “participation” measure of weekly 2-way interactions (Wed – Tues):

	Week 1	Week 2	Week 3	Week 4

SECTION I: DETAILED ACTIVITY DESCRIPTION

Provide detailed narrative about the dental hygiene practice setting activity using the headings provided and answering the questions. Include specifics to help readers understand what you are doing and how it is being done. References and links to information may be included.

**Complete using Calibri 10 font.

Rationale and History of the Activity:

1. What were the key issues that led to the initiation of this activity?
2. What rationale/evidence (may be anecdotal) did you use to support the implementation of this activity?
3. What month and year did the activity begin and what milestones have occurred along the way? (May include a timeline.)

The sections below follow a logic model format. For more information on logic models visit: [W.K. Kellogg Foundation: Logic Model Development Guide](#)

<u>INPUTS</u>	<u>PROGRAM ACTIVITIES</u>	<u>OUTPUTS</u>	<u>OUTCOMES</u>
---------------	---------------------------	----------------	-----------------

1. What resources were needed to carry out the activity? (If a bullet below does not apply to you, please indicate with N/A)
 - Mobile dentistry registration
 - Equipment
 - Creating a limited liability company (LLC) or nonprofit (501(c)3)
 - Insurance/credentialing
 - Billing

INPUTS	PROGRAM ACTIVITIES	OUTPUTS	OUTCOMES
------------------------	------------------------------------	-------------------------	--------------------------

2. [Please provide a detailed description of the key aspects of the activity, including the following: population served, where services are provided and health records collection methods.](#)

INPUTS	PROGRAM ACTIVITIES	OUTPUTS	OUTCOMES
------------------------	------------------------------------	-------------------------	--------------------------

3. [What outputs or direct products resulted from program activities? \(e.g., number of clients served, number of services units delivered, products developed, accomplishments, etc.\)](#)

INPUTS	PROGRAM ACTIVITIES	OUTPUTS	OUTCOMES
------------------------	------------------------------------	-------------------------	--------------------------

4. [What outcomes did the program achieve? \(e.g., health statuses, knowledge, behavior, care delivery system, impact on target population, etc.\) Please include the following aspects:](#)

- [How outcomes are measured](#)
- [How often they are/were measured](#)
- [Data sources used](#)
- [Whether intended to be short-term \(attainable within 1-3 years\), intermediate \(achievable within 4-6 years\), or long-term \(impact achieved in 7-10 years\)](#)

[Budgetary Information:](#)

[NOTE: Charts and tables may be used to provide clarity.](#)

1. [What is the annual budget for this activity?](#)
2. [What are the costs associated with the activity? \(Including staffing, materials, equipment, etc.\)](#)
3. [How is the activity funded?](#)
4. [What is the plan for sustainability?](#)

[Lessons Learned and/or Plans for Addressing Challenges:](#)

1. [What important lessons were learned that would be useful for others looking to implement a similar activity? Was there anything you would do differently?](#)
2. [What challenges did the activity encounter and how were those addressed?](#)

Available Information Resources:

Share any models, tools, and/or guidelines developed by the program specifically for this activity that may be useful to others seeking additional information. Hyperlink resources if possible.

Building/Program Administrator Certification Statement

~~I certify the following for pupils engaged in 21f virtual learning options in this building/program:~~

~~_____ All pupils have parental consent to participate in virtual courses (pupil may consent if age 18 or older).~~

~~_____ 50D pupils have access to same technology as other pupils in the district. Pupils with more than 2 virtual courses have a computer and internet access provided by the district (or declined district's offer to provide).~~

~~_____ All virtual courses earn academic credit, are listed in MICourses.org catalog or in the district's board approved course catalog, and a portion of the course is delivered via a digital learning environment.~~

~~_____ All virtual courses appear on the pupil's schedule prior to count day (even K-5 are scheduled course-by-course).~~

~~_____ A teacher with the proper grade/subject area endorsement was assigned to the virtual course who is also:~~

- ~~▪—Employed by your school district, or another MI public school you have cooperative agreement with,~~
- ~~▪—Contracted through a 21f vendor listed in the statewide catalog (MICourses.org), or~~
- ~~▪—Contracted through another 3rd party 21f vendor paid by your district (listed in the district catalog).~~

~~_____ A professional employee of the district has been assigned to act as pupil's virtual learning mentor.~~

~~_____ If sequential learning is used, pupil was enrolled prior to count in all courses being claimed, all courses were pre-paid by the district at the start of the term, and a written plan outlining the sequence of all courses used in the FTE calculation and plan for those courses to be completed over the term is on file. If not, enter N/A.~~
