

Manchester Football Association

Independent Competitions Working Group Member

Manchester FA

Independent Competitions Working Group Member

Voluntary / Expenses

We are looking for dynamic, self-motivated representative individuals with a passion for football to join an already diverse Competitions Working Group t tasked with shaping Manchester FA County Competitions for the future.

The role will work alongside the Independent Chair of the Competitions Working Group to ensure that, all competition related matters are dealt with in a timely and fair manner. The role holder will be one of just a few that are responsible for ensuring that Manchester FA's current and future competition offers are competitive and representative of the teams across Greater Manchester.

The successful applicants will need to be able to demonstrate their ability to deliver within our County FA's three core values; 'Passionate, Inspiring and Professional'.

The successful applicant must also be able to demonstrate excellent communication and questioning skills.

Title: Independent Member of the Competitions Working Group

Hours: Flexible – as much time as you wish to put into the role but an expectation to attend quarterly meetings and be contactable throughout the day.

Working Location: Flexible

Specific Duties:

- To deal with Competition Queries, Protests and Appeals in line with the Competition Rules.
- To assist in the annual review process of all county Competition Rules.
- To offer the group thoughts and opinions from your chosen area of the game and its impact on county competitions.
- To attend all Competitions Working Group meetings as and when scheduled.
- To champion core projects and tasks as prescribed by the Independent Chair of Competitions.
- To be able to respond via email in a timely manner to all queries by the Business Operations Manager and Independent Chair of Competitions.

What can we offer?

- An exciting opportunity to be part of a forward thinking, progressive business.
- To work with key stakeholders within the grassroots and the professional game.
- A commitment to empowered and supportive personal development.

How to apply:

Applications will be accepted upon the completion of the application form contained in this recruitment pack. It is essential that applicants clearly demonstrate their ability to meet the requirements of the role, explaining how their experience and technical skills will assist them.

Recruitment for the voluntary role will be based on both the technical ability to fulfil the role and also the following key behavioural competencies:

- Collaborative Teamwork
- Creating Solutions
- Customer Excellence & Quality
- Influential Communication
- Inspiring Others To Succeed

Criminal Records Check - As this role may involve direct access to young persons under the age of eighteen, within the context of the job or any subsequently related activities or responsibilities, the successful candidate will undergo a thorough screening process, which will include a Criminal Records Check, to ensure their suitability for the role.

Manchester FA is committed to equality of opportunity and welcomes applications from all sections of the community. Manchester County FA's Equality Statement is available on request.

Independent Competitions Working Group Member

E-liability
Institute

E-liability Pilot Feasibility Charter

This charter helps us to jointly determine the focus, scope, and feasibility of an E-liability pilot in your organization. In advance of filling this charter, please read the case studies and articles available on our website [here](#), and the pilot playbook [here](#).

Name: E-liability Pilot Overview		
Address: 1. Organization name		
Contact Number (Daytime): 2. Products to be measured	<i>For which of your product(s) will the E-liability be calculated? (We recommend, if possible, choosing at least two products with shared inputs and processes, which can enable more sophisticated learnings.)</i>	
Contact Number (Home): 3. Motivation	<i>Why is this pilot important to you? What business problem do you hope the pilot will solve?</i>	
Contact Email: 4. Identifying relevant inputs and processes	<i>For the product(s) in question, please provide a (rough) production map showing:</i> <i>Who are your key suppliers and what are they supplying?</i> <i>What are the key in-house operational activities?</i> <i>What are the key overheads used?</i> <i><For reference, see Figure 2 of the Giti Tire case study.></i>	
5. Identifying key cradle-to-gate direct emissions	<i>For the product(s) in question, and using the map above, please provide a first pass at:</i> <i>What are your key direct (Scope 1) emissions?</i> <i>What are the key direct emissions of your immediate suppliers?</i> <i>Looking further up your supply chain (at your suppliers' suppliers, and so on), what do you believe to be the key direct emissions?</i>	

<u>Are you currently employed?</u> <u>Please delete accordingly</u> 6. Supplier and customer relations	<u>Yes / No / Retired</u> Which of your key suppliers (given the steps above) are likely to be cooperative in the pilot? Why? How do you intend to secure and maintain their cooperation? the pilot? Which suppliers are you most worried about? Why? Who are your biggest (environmentally sensitive) customers? Will they be interested in participating? How do you intend to secure and maintain their cooperation?		
7. Primary data feasibility	<u>Do you have access to a PC/Tablet with microphone and speaker?</u> <u>Please delete accordingly</u> How will you collect primary data on the direct emissions identified above? Which measurement and calculation technologies will you be using? Please answer the questions above for your key cooperating suppliers as well. How will you and your suppliers ensure primary data is verifiable and audited?	<u>Yes / No</u>	
Project Details			
8. Location	Where will the project be undertaken? Why is this site a good selection?		
9. Benchmarking	To what other products, sites, inputs, processes, and data-sources can your pilot results be compared? (Such benchmarking improves decision-making insights and can create a case for change.)		
Case study	The E-liability Institute support for pilots is provided pro-bono. In return, we may wish to prepare case studies and learning materials of our pilots to disseminate lessons learned from implementation of the E-liability method. These materials can be reviewed by your team, and we are happy to camouflage proprietary and competitively sensitive information.
