Quorum Present: YES

Staff: John Snyder

Damian Cook

~~I. Welcome & Introduction of PSG Council Sub-Committee Members – Ms. Holly~~

~~Ms. Holly called the meeting to order at 3:04 PM and members introduced themselves.~~

~~II. Historical overview of the Budget (Ex-Officio) Recommendation – Mr. Snyder~~

~~Absent: Nancy Greenstein, Director of Police Community Services~~

Call to Order:

The meeting was called to order at 2:02 p.m.

I. Approval of Agenda

- i. A motion was made by *Michael Soh* to approve the 1/13/2015 agenda and seconded by *Erik Peña*. The vote passed unanimously.

~~Mr. Snyder provided the committee with a spreadsheet titled Priority Population Funding History. The spreadsheet provided historical data to include applicant numbers and figures related to how monies were distributed. The committee discussed options of how to best retain and utilize unused funds. Member made a request to retain the unused funds in PSG for future use instead of being returned to the City's general fund. Another member seconded the request. The committee voted and unanimously approved looking into changing 118 to allow for use of unused funds from a prior year.~~

~~III. II. Review of Handouts Ordinance 118.802 – Mr. Cook~~

1. Course Material Fee Letter
2. Rubric templates for Unit Review and Funding Request
3. SFAC Minutes from 1/06/15

III. Review of Minutes

- i. A motion was made by *Angela Yip* to approve the 1/06/2015 minutes and seconded by *Janay Williams*. The vote passed with six votes. *Christine Wilson* and *Thomas Vondriska* abstain from voting.

IV. Course Material Fee Letter Review

- i. *Theresa Stewart* and *Michael Soh* requested that SFAC review the recommendation letter they drafted to send to the Chancellor regarding the request for Neuroscience 102.

- ii. Rebecca Lee-Garcia and Thomas Vondriska requested that the letter explains the reasoning why \$45 was recommended.
- iii. Angela Yip explained that the fee included line items students would already own because students purchased these items for previous classes. Those line items include goggles and lab coat cleaning services. Also, students in the STEM fields already pay high course material fees for other required courses.
- iv. Maureen Wadleigh requested that language in the last paragraph should be changed from “fee increases” to “course material fees.”
- v. Michael Soh made changes and additions to the letter.
- vi. Angela Yip moved to approve the letter to be sent to the Chancellor, and seconded by Moneel Chand. The vote passed unanimously.

V. Template Unit Review/Funding Request Subcommittee

- i. Janay Williams explained that unit review subcommittee created a rubric system which included the 8 questions from the unit review. They created a 2 or 3 scaled number system which signifies the colors red, yellow, and green. Red signified that the question was not sufficiently answered and required follow up with the unit. Yellow signified there were some concerns and further information/missing data would be requested from the unit. Green signified that the responses were sufficient. Thomas Vondriska asked if any answers could receive a 0. Theresa Stewart clarified that these scales do not indicate rating of preference to approve requests, rather they signify if the responses provided sufficient information.
- ii. Maureen Wadleigh explained that the first 5 questions addressed background information about the unit. The last 3 questions were considered more important because it has more weight in funding request decisions.
- iii. The Funding Request subcommittee will meet after today’s SFAC meeting.
- iv. Moneel Chand sent a draft rubric the Funding Request subcommittee is working on which includes a metric system to rate the requests. Questions from the Funding Request form were included as well as questions from last year’s rubric. It is expected that subcommittees will complete a matrix for each request they review. Theresa Stewart suggested that the Funding Request matrix should closely align with the Unit Review matrix.
- v. Further discussion on the rubrics will continue on next week’s meeting.

VI. CSF Planning

- i. The CSF meeting from February 21-22, 2015.
- ii. Theresa Stewart will block rooms at Hotel Angeleno and contact the CSF organizer to request expected attendance numbers.

VII. Announcements

- i. Theresa Stewart be meeting with the Vice Chancellor of Student Affairs today to find out what are Student Affairs priorities for SFAC to consider.

They will also discuss the status of CAPS and the mental health committee developed by the Chancellor.

- ii. SFAC decided to move their winter quarter meetings from 2-4pm to 3-5pm in order to include all SFAC members.
- iii. SFAC will invite Glyn Davies to attend the next meeting to hear about his view on the Governor's perspective regarding the tuition increase.

VIII. Adjournment

- i. Motion was made by *Moneel Chand* and seconded by *Janay Williams* to adjourn the meeting. This vote passed unanimously.

Meeting was adjourned at 2:49pm. Mr. Cook reminded the committee that it must make a recommendation to the Mayor's Budget Review committee and the deadline is April 1-2017. The lump sum request received by PSG will be distributed according to the application rankings.

IV. — Priority Population FY History — Mr. Cook

Mr. Cook provided a review of the Priority Populations, which are as follows: Homeless Persons & Families, Low Income Persons & Families, and Adults with Physical & Mental Disabilities. The low income, home bound elderly was voted out in a previous meeting. They are now included in low income persons. The committee discussed why the low income elderly was combined with the other low income populations. Member motioned to have the Homeless Population be 35%, Low Income be 45%, and Adults with Physical and Mental Disabilities be 20%. The committee voted and approved the new populations and percentages.

V. — Discussion **None**

VI. — Public Comments

Tarea Robinson, Ageing True Director: Voiced the organization's concern and disappointment in the dissolution of the elderly priority population into the more general priority population. Ms. Robinson shared that it is difficult of their organization to compete with the other organizations who apply for funding. She also stated that the Ageing True program is important in the community because it provides meals to elderly individuals who otherwise would not have access to food. Further, the Ageing True program provides more than just meals. They provide human interaction that many of the elderly they serve would not experience otherwise. It is a way to ensure the elderly is being taken care of in a more holistic way.

Mr. Brian Hensley with Elder Source gave a briefing and an overview of how important Meals on Wheels is to low income seniors and how there is a need in the community for this service. A question was asked of Ms. Robinson to clarify the number of clients they serve and the number removed from the waiting list. Ms. Robin provided this information.

VII. Adjourned at 3:53p

Next Meeting Date TBA

Recorder: John Snyder

Completed — 1/30/2017
