Uganda National Launch of 16 Days of Activism under the theme: UNITE! Activism to End Violence Against Women and Girls in Kampala on 24th November 2022, led by Ministry of Gender, Labour, and Social Development. (MGLSD)

ICGLR-RTF Regional Director, UN Agency delegation, Minister of Gender Labour and Social Development, European Union and other Invited guests.

~~SUNNISIDE SURGERY~~

A Common goal aimed at bringing an end to Violence in Uganda was Launched in Kampala under 16 Days of Activism against Gender Based Violence Campaign whose theme was: "UNITE"! Activism to End Violence against Women and Girls.

The Ministry of Gender, Labour and Social Development (MGLSD), with support from UN Women Uganda; organised the National Launch in Kampala on 24th/November/2022; following its inception in 2021(16 Days of Activism 2021) basing on a report in which Uganda Police Force received 16,000 reports of sexual related offences- one report every 30 minutes.

The Participants were concerned that there was a continued prevalence of violence against women and girls; and the dire need to urgently work together towards ending all forms of violence against women.

This was evident from the remarks shared by Donors; the testimonies from the Community and the commitment to the cause shared by Government representatives through Videos that were played at the Launch; illustrating the work conducted in Uganda to support survivors of violence and efforts to prevent all forms of discrimination against women.

Among the Delegates was ICGLR-RTF Regional Director Hon Dr. Janviere Ndirahisha.

In their remarks the Ambassador of Sweden who spoke on behalf of the Development Partners and Donor Community in Uganda; shared recent statistics on teenage pregnancy.

While the Chairperson National Women's Council Faridah Kibowa and the Honourable Minister of Gender, Labour and Social Development; Betty Amongi reinforced with figures from Uganda Bureau of Statistics and emphasized the timely importance of this Campaign.

On the same occasion; Civil Society Organisation Frauen Initiative Uganda (supported by UN Women) held an exhibition entitled, "what I was wearing" from which Ministry of Gender, Labour and Social Development Permanent Secretary urged Participants and Ugandans at large not to 'agonise' but organise themselves when it comes to ending violence against women and girls.

The Launch was a Call to Action; where representation from United Nations Family; the Diplomatic Community and the Government highlighted the need for concerted efforts to take urgent action.

The Launch also left Participants asking, "What Can we Do?" to make the World safer for Women and Girls.

They therefore committed to continue working together to end violence in Uganda.

ICGLR-RTF National Trainer Police Officer Francis Ogweng shares feedback to the "What I Was Wearing" Exhibition at the National Launch.

Newsletter

- Flu Vaccinations 2023:

Flu vaccination is important because, while flu is unpleasant for most people, it can be dangerous and even life threatening for some people, particularly those with certain health conditions. The best time to have your flu vaccine is in the autumn or early winter before flu starts spreading. We will be starting to vaccinate in **September/October** for those who are eligible.

- Coil and Implant clinic:

SUNNYSIDE SURGERY

The surgery is now offering appointments for fitting and removal of implants and coils with Dr Clare Patel. These appointments are on a Friday morning. Please make an appointment with any GP, any day if you are interested in this service.

- Shingles Vaccinations:

If you are aged 70-79 or aged 50 and over with a severely weakened immune system, you can book your shingles vaccine with the practice nurse. You can also book after your 65th birthday if you turn 65 after September 1st, 2023.

- NHS Health Checks:

The NHS Health Check is a check-up for adults in England aged 40 to 74. It can help spot early signs of stroke, kidney disease, heart disease, type 2 diabetes or dementia. The NHS Health Check is a free check-up of your overall health. If you are aged 40-74 and have not had an NHS health check in the last 5 years, please contact the practice to make an appointment.

- Patient Participation Group:

Our PPG group has restarted. This is taking place at the Whinnies Community Gardens on Monday 11th September 2023, 12.30-15.00. A Patient Participation Group (PPG) is a group of volunteer patients, carers and GP practice staff who meet regularly to discuss and support the running of their GP practice. PPGs look at the services the practice offers, patient experience and how improvements can be made for the benefit of patients and the practice. People of all genders, ages, ethnicities, and those with health conditions and disabilities are encouraged to join. If you are interested in becoming a member of our PPG, please contact the surgery for further information.

- Pharmacy First:

Think Pharmacy First! Many pharmacies offer treatment for minor illnesses without having to contact your GP. For example, urinary tract infections, ringworm, hay fever, diarrhoea, indigestion/heartburn, headlice, conjunctivitis and much more. Contact your local pharmacy for more information.
