Date: 5/1/2020

By Phone: Erin Brown (Chairperson), Kathleen Gallagher, Frances Nwajei, Patricia Shook, Joshua Greenberg, Julie Moran & Janet George, Ronald Cabezas (observer/minutes).

Agenda Items

RIVER TRAIL ELEMENTARY

1. Administrative matters
2. “Angelman Syndrome Natural History Study,” Principal Investigator Dr. Wen-Hann Tan, Boston Children’s Hospital.
3. “A Non-Drug, Longitudinal Study to Enable Endpoint Development for Children and Adults with Angelman Syndrome,” Principal Investigator Dr. Wen-Hann Tan, Boston Children’s Hospital.

HOUSEKEEPING

- Members had questions regarding the role of the RRC as a subcommittee in an on-going approved 3R Research project currently not up for a formal proposal.

Review ~~of past events and feedback~~

- ~~Red Ribbon Week~~ and Vote on February 27, 2020 Meeting Minutes
~~Kindness Week~~

Outcome

- Chair moved for a vote, and Committee unanimously agreed to adopt the February 27, 2020 meeting minutes

“Angelman Syndrome Natural History Study,” Principal Investigator Dr. Wen-Hann Tan, Boston Children’s Hospital.

Discussion

- Chair summarized the study.

Issues

- Committee discussed the written consent guidelines of the study by the researcher and provided to the participant and or its Guardian. It was determined by the committee to have met the standard.

Outcome

- Chair moved for a vote, and Committee unanimously agreed to approve the study.
 - ~~Chairless involved dress up days and give ideas for dressing up a week in advance~~
 - ~~feedback is positive about dressing up this year (less involved)~~
- ~~Kindness Week~~

RIVER TRAIL ELEMENTARY

- school wide picture
- students doing random acts of kindness (paper chains)
- Guest readers
 - troubleshooting this round, finalizing changes for the next round
 - great representation from community to come and read to students
 - every spot filled
 - reached out to many males to come read
 - next round of guest readers is next Friday
- Fall Festival
 - huge success
 - PTO will draft correspondence double up in the future because of the turnout
 - free event, then go to the researcher Catawba Ridge game
 - face painting was a big success, every kid that wanted it got their faces painted

Upcoming events:

- last Otter Outlet for response and welcomes the committee's input, the semester next week

A Non-Drug, Longitudinal Study to Enable Endpoint Development for Children and Adults with Angelman Syndrome

Discussion

- Chair summarized the study.
- Committee members have additional Veteran's Day this Friday
 - Darcy and O'Neill are planning special things for the kids

RIVER TRAIL ELEMENTARY

Celebrations:

- ~~Staff attendance award for three months in a row (district record!!)~~

School Report Card:

- ~~published~~
- ~~School statement is written by Steger each year~~
- ~~the school rating is a 66 (excellent)~~
- ~~above the district in Math~~
- ~~right in line with the district in Reading~~
- ~~there is still a chunk of kids that aren't "meeting" or "exceeding"~~
 - ~~"all means all kids"~~
- ~~Preparing for Success~~
 - ~~SC Pass (only taken in 4th grade)~~
 - ~~standards are changing next year~~
 - ~~lower than the district in this area~~
 - ~~Kindergarten Readiness Assessment~~
 - ~~English Learners' Progress~~
 - ~~only two students not on target~~
- ~~Student Progress~~
 - ~~we only have one year of data so far, but we are where we need to be~~
- ~~School Environment~~
 - ~~this is an area of strength for River Trail~~
 - ~~bathroom cleanliness is a problem for 3, 4, and 5 grade and there is a sign-in sheet already in place~~

- ~~Parents and teachers feel safe at school (96% for parents and 100% for teachers)~~
- ~~all elementary schools were rated either "good" or excellent~~

Updates:

- ~~there will be an SIC report to the parents in the Spring~~
- ~~kicked off our year talking about our PLC meetings~~
- ~~continuously revisiting our "why"~~
- ~~possibly sending out a progress survey several times a year to parents to check in and see how things are going (very short, ten questions)~~
- ~~we will start with regard to specific procedures and methods used by an anonymous Google Form to see how many responses we get, then possibly offering incentives in the researcher in this study future to increase participation if needed~~
- Committee agrees that it needs further clarification from the researcher before taking a vote.

Issues

- Committee has concerns with the blood draw procedure that may be required of the participant for genetic testing and in particular the need for the Sponsor of the study to keep the blood and its genetic material for future studies.
- Committee wants additional information pertaining to the safeguards needed for the participants in the study; specifically as it pertains to blood draw and electroencephalogram (EEG) testing by the researcher not explained in its application.
- Committee wants the researcher to address the procedures and outcomes for the participants who do not want to partake in blood draw methods as part of the study as that is not addressed in its application.

Outcome

- Chair moved for a vote, and the Committee unanimously agreed to defer voting until additional information is submitted to the Committee by the researcher.
- Chair will draft correspondence to the researcher for response and welcomes the committee's input.

RIVER TRAIL ELEMENTARY

APPROVED RESEARCH

“Angelman Syndrome Natural History Study,” Principal Investigator Dr. Wen-Hann Tan, Boston Children’s Hospital.

NON-APPROVED RESEARCH

“A Non-Drug, Longitudinal Study to Enable Endpoint Development for Children and Adults with Angelman Syndrome,” Dr. Wen-Hann Tan, Boston Children’s Hospital.

CLOSING MATTERS

- ⊖—The next meeting of the Research Review Committee has been scheduled for TBD. parents want responses as to how things are being handled
