-

SUMMARY

This position provides instruction in Environmental Sciences with an emphasis on indigenous ways of knowing. This faculty member is committed to integrating western science with tribal knowledge into the environmental science curriculum. This position serves as a liaison with local Tribal Nations, community natural resources, and environmental organizations and agencies, and other educational institutions and entities.

Essential Duties and Responsibilities

This list includes but is not limited to the following:

- Teaches a minimum of 15 equivalent credit hours per semester as assigned, which will include defined reassignment to promote and facilitate long-standing relationships with local tribes, other institutions of higher education, and regional and state agencies.
- Maintains additional weekly contractual hours, including a minimum of five office hours, five campus hours and five discretionary hours divided between office and campus hours for a total of 30 hours on campus per week.
- Utilizes traditional and non-traditional delivery methods including online other alternative delivery methods.
- Selects appropriate learning resources for students, being mindful of cost for the student, prepares class presentations and handouts for electronic distribution, and prepares a syllabus for each course, each semester.
- Evaluates student learning outcomes according to description in the syllabus and delivers grades to the registrar on time.
- Receives training in and keeps skills current in using the electronic and physical equipment and software necessary to accomplishing teaching and advising responsibilities.
- Advises students using the recommended procedures.
- Identifies student learning outcomes; develops process and tools for assessment; incorporates results in order to modify instruction and materials in general education, degree program, course cluster, and/or certificate program, in coordination with colleagues.
- Serves as a liaison with local Tribal Nations, community natural resources, and environmental organizations and agencies.
- Develops integrated environmental science curriculum in alignment with tribal goals and priorities as well as transfer institutions.
- Participates in student recruitment for the environmental science program.
- Attends and participates in faculty meetings and serves on college committees.
- Participates in professional development activities.
- Cultivates effective public relations with various community agencies/service providers and/or educational partners.
- Collaborates with adjunct faculty.
- Demonstrates a commitment to the philosophy and mission of a comprehensive community college.
- May teach evenings, weekends, and/or summer school courses as assigned by the Division Chair.
