Comprehensive Workforce Plan Template

Introduction

Welcome and thank you for accessing the Comprehensive Workforce Plan Template. This template is designed to outline key areas, questions, and resources that will help your health center as you develop a comprehensive workforce plan that addresses your workforce needs and plans for teaching and training students.

A comprehensive workforce plan is not a static document and needs continuous revision as the landscape of the health center workforce rapidly changes. For this reason, the template will evolve.

This template is divided into categories that outline essential components to consider when developing your health center's comprehensive workforce plan. Each area contains important questions and components to consider when assessing your health center's workforce needs, and where applicable, links to pertinent resources.

We welcome each of your health centers to use, develop, adapt, and apply the Comprehensive Workforce Plan Template to meet the needs of your health center workforce and student training needs.

If you have any questions or resources to share, please feel free to reach out to Emma Kelley, Recruitment and Workforce Development Specialist, at ekelley@iphca.org.
